Ten tips to make sure your contractor measures up

Provided by the California State License Board

4/19/2012

- 1 - Hire only state-licensed contractors.
- 2 - Check a contractor's license number on line at www.cslb.ca.gov or call 800-321-2752
- 3 - Get at least three bids.
- 4 - Get three references from each bidder and review past work in person.
- 5 - Make sure all expectations are in writing, sign the contract ONLY if you completely understand the terms
- 6 - Confirm that the contractor has workers compensation insurance for employees.
- 7 - Never pay more than 10% down or \$1,000, whichever is less. Don't pay cash.
- 8 - Don't let payments get ahead of the work.
- 9 - Keep a job file of all papers relating to your project, including all payments.
- 10 - Do not make the final payment until you are satisfied with the job.

PLEASE CHECK OUT YOUR CONTRACTOR

While everyone appreciates a great bargain, there are, unfortunately, those who tend to prey on the unsuspecting.

Before engaging the services of a contractor, residents should be aware that California State Law mandates any contractor **bidding for a job more than \$500 in parts AND labor** must be licensed.

Call the Contractors State License Board at **1-800-321-2752** to ask any questions or express your concerns about a contractor.

Contact the California Contractors State License board web site at : www.cslb.ca.gov
