President's Message

BY BRIAN SWEENEY • PMLA BOARD PRESIDENT

As fall is getting closer it seems summer doesn't want to end. We are well into the budget process for 2013. Budget preparation can be time consuming and complex, but in the end, we will have a solid financial document that will carry us through next year. Your Board of Directors and management team take this process seriously. We understand that the decisions made will impact all property owners, and the value received for living in PML.

Over the past few months, I have been approached by several members who would like the Board to consider building new amenities. Some of the ideas include a new indoor swimming facility, weight room, and spa. Other ideas include enclosing and improving our current pool facility so that our members can swim year-round.

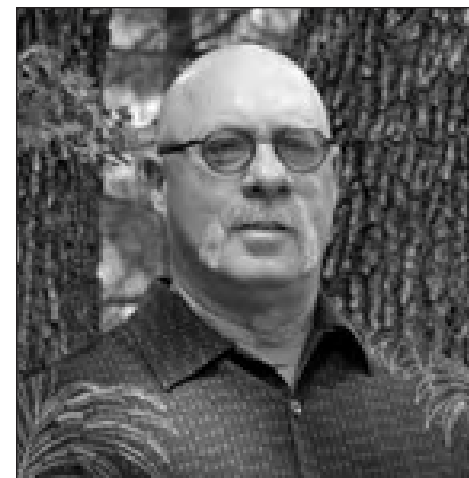

Like many other members, I would love to have new amenities and make even more improvements to existing ones. I also understand that building new amenities takes a great deal of planning and money. The creation of a new amenity takes approval of the membership and in the past 20 years, every proposed, new

amenity did not get the votes needed for approval. It is clear that the membership would like us to focus on maintaining our current amenities and controlling costs wherever we can.

Our Association is over 40 years old and we have a lot of existing infrastructure that still needs attention. Our Maintenance crew has done their best keeping things in good shape, but there is much more that needs improvement and replacement. Just maintaining what we have costs a lot of money.

Your Board and management team are dedicated to finding ways to operate our Association even more efficiently. In 2012 we have been able to reduce head count through better training and recruiting experienced individuals. These staff reductions were accomplished with no impact to member service or the organization.

The 2013 Budget process will provide us with more opportunities to implement cost-saving ideas and we will continue to tighten our belts wherever it makes sense. My goal is to keep PML as affordable as possible, without

impacting the service and quality our members have come to expect.

I am confident that this Board and management team will accomplish our goals and continue to improve the operations within PML.

I would like to thank our members for their continued support of all our amenities. Please make sure you call ahead for reservations at the Grill and Golf Pro Shop for your tee times. And of course, enjoy the comforts of the 19th Hole Lounge. See you on the Course!

Editor's Note

We greatly appreciate your contributions but please note that the PML News fills up very quickly – often by the 7th or 8th of the month (long before the 10th deadline). To ensure that your submission is reviewed for publication please submit in full and as early as possible. Please remember that the PML News is limited in capacity and your submissions are reviewed on a first-come-first-served, space-available basis.

We publish all PMLA related submissions such as Board & Management Business, Clubs, Activities & Events. Where space remains, we publish non-PMLA related submissions in our "Community" section.

We do our best to provide timely news. If you experience delayed delivery or have misplaced a particular edition, please visit us at the PMLA website pinemountainlake.com for a downloadable PDF of the News posted by the 1st of the month and a downloadable PDF list of ad rates.

General Manager's Message

BY JOE POWELL, CCAM, CMCA, AMS, GENERAL MANAGER

Re-Balloting for CC&R's Revision

On August 18th, the Bylaws revision passed by a high margin of those members who voted during the election. Unfortunately, the proposed Declaration (CC&R's) revision did not receive the quorum necessary to pass. The ratio of approval was high, but we did not receive the necessary amount of ballots from voting members to achieve the 51% quorum necessary for approval.

Given the high rate of approval of members who did vote, the Board of Directors decided to send out a second balloting to those members who did not vote during the first round. If you are a member who did not vote, please take the time to vote for this important revision. The revision contains new legal changes that protect member rights and cost-saving provisions.

PML Airport Information

In the past few months we have seen an increase in complaints from members who witnessed safety hazards at the PML Airport. The concerns are mainly expressed by pilots and other members who live on or near the airport. Vehicle and pedestrian incursions onto the runway and taxiways appear to be the biggest concern. Safety is taken seriously at the

PML Airport and by the Association.

Working to resolve these safety issues, we asked the County Airports Director, Jim Thomas to provide a monthly article covering different topics like airport safety and noise abatement. Jim is a long-time PML member and friend, and of course he has been kind enough to lend a hand. We look forward to our continued partnership with Jim and the County in providing safety information and resolving issues whenever they arise.

2013 Budget Meetings

The 2013 Budget Process began in August and my management team has been working hard to prepare the first draft for review by the Board of Directors and Budget and Finance Committee. An important part of the Association budget is reserve planning and funding. In September a Board study session was held to discuss reserve funding methodology so that future Association needs could be evaluated. The meeting was very productive, and the Board received the information needed to bring forward to the October Board meeting.

The day-long, Budget meeting will be held on Saturday, October 27th at the Lake Lodge. The meeting starts promptly at 8 a.m. and we encourage all interested members to attend.

The final approval of the Budget is made by the Board of Directors at the November Board meeting, which is scheduled for Saturday, November 10th. This meeting will also be held at the Lake Lodge and begins at 9 a.m.

Unsafe Drivers in PML

Periodically we receive complaints about drivers who do not observe the speed limit. Last month, we received several reports regarding one driver in particular who was speeding and driving so recklessly that he almost hit the drivers and passengers in two other vehicles. Obviously, we immediately investigated and were able to identify the reckless driver. The matter was dealt with swiftly and action was taken.

We encourage all members and guests to report speeders and reckless drivers to the PML Main Gate. The number is (209) 962-8615. PML works with the CHP and Sheriff's Department to target repeat offenders and we also take action in accordance with our CC&R's. It should also be noted that all PML property owners are responsible for the actions of their tenants and guests.

Well that's it for this month. I hope to see all of you at our amenities and having a good time. Have a fun and safe Halloween!

ASSESSMENTS

Dear Editor:

Your August edition contained a good article on “PMLA Money Matters” that helped me understand the problem of collecting “bad debts.” However, I did not understand the statement in the article that a “\$5-6 increase in monthly assessment” did not cause these bad debts. In recent years the assessment has doubled. That huge increase made some of the un-buildable “golf” lots worthless and some of these are now “bad debts.” The higher assessment made other properties more difficult to sell, and they went into foreclosure. The assessment should be lowered, and also should be scaled to the value of the property.

CROSSWORD PUZZLE?

I very much enjoyed the crossword puzzle you had in the PML News every month, and wondered if you gave any thought to putting it back in the News again.

I won one month, but unfortunately never had the chance to use my dinner certificate.

I read the PML News every month, but with puzzle I seemed to read it a little more thoroughly.

Thanks for listening,

LAKE DREDGING

After 5 years of planning, various government agency permits, charting lake depths, and other activities, shallow parts of the lake from erosion were dredged. Most of us saw the large pipes, barges, and digging equipment on our lake. Some may remember that initially total costs were in the \$500,000 range. Unfortunately cost escalated as permits from several agencies were required delaying the project for several years. There have been many cost rumors floating around PML. The official Total Cost numbers I recently received from our General Manager was:

\$2,398,896.65 or about \$630 for each lot and approximately 5X the original target cost

Hopefully we all will do our part to minimize future sediment buildup.

THANK YOU SOROPTIMISTS

I would like to thank the women of the Groveland Soroptimist Organization for their generous support of Miriam, a young girl who was born in Guatemala with tumors in her body about 13 years ago. Because of Soroptimists' love and care, Miriam can now walk and enjoy a fuller life. They also support Silvia with an educational scholarship that will make it possible for her to teach Maya children Spanish who come to school only speaking their native language. I appreciate all you do to help women and girls, both locally and internationally, achieve their dreams. I would recommend this group to anyone wishing a wonderful volunteer/service experience.

PMLA Money Matters

BY KEN SPENCER, ASSOCIATION CONTROLLER

Have you ever travelled by plane? How about a train ride or even a bus? If you have you have probably enjoyed the freedom of not being the one doing the driving. The ability to relax and enjoy the ride without the responsibility of driving can really make a difference. However, one thing you give up in exchange for this lack of responsibility is a loss of control. You are at the mercy of others when it comes to your safety and the ability to reach your destination.

By now you are probably wondering if you have stumbled onto an article from a travel magazine instead of the usual monthly ramblings about the Association's finances. In truth this is just my way of illustrating one aspect of our annual budget process and some of the costs we deal with each year. The loss of control and having your fate (in this case financial fate) in the hands of someone else can be frustrating and a bit aggravating.

While many of the expenses we

incur are things we make a conscious effort to control, such as salaries, supplies, advertising, etc. there is also a wide variety of costs that we have little or no control over. These are the types of services that we have to have and are limited in our options on how to obtain them.

Workers Compensation Insurance is one of these items. We are required by law to provide Workers Compensation Insurance to cover all of our employees, Board members and some committee volunteers. The rates for this coverage are set by an independent agency and modified by the various insurance carriers. We shop our coverage each year and always look for the lowest cost. However, to a large extent, this cost is something that is beyond our control. Industry trends have consistently pointed higher each year, with rate increase far exceeding normal inflation.

Utility costs (propane, electricity, water) is another major component of our cost structure that is, for

the most part, out of our control. While we can and do take steps to reduce our usage of these items, the basic rates we pay are determined by government rate structures and the underlying supply and demand for these services and commodities. As most consumers are aware the cost of these items has also gone up dramatically in the last 2-3 years.

Gasoline prices affect us in a multitude of ways. The most obvious of course is in our own internal fuel usage. While we are careful to conserve and monitor our usage we do have a good number of vehicles (Department of Safety, Maintenance, etc.) that require fuel. As I am sure you all are aware the price of gas is extremely volatile. It can and does change on a daily basis. Again this type of cost is out of our control. In addition there is a dramatic ripple affect that fuel prices have on all of us. As these costs go up so does the cost of just about everything we buy that has to be delivered to us. Fuel surcharges and increase

prices driven by higher gas prices are something we experience all the time.

These are just a few of the many line items that the Association wrestles with each year as we strive to provide the high level of member service that you have all come to expect and deserve. As always the challenge is to provide these services at a cost that is both reasonable and achievable. As we go through our annual budget process please be assured that the management team at PML takes this challenge and responsibility seriously.

Well that's it for this month. If you have any PMLA Money Matters you would like to see discussed in this column in the future or have specific Association related financial questions please drop me a line at controller@pinemountainlake.com or give me a call at 962-8606. Thanks for reading and I hope you find this monthly discussion a little interesting at least a bit informative and mildly entertaining.

Noise Sensitive Areas Near Pine Mountain Lake Airport

BY JIM THOMAS - AIRPORT MANAGER

The FAA issued Advisory Circular AC 91-36D titled Visual Flight Rules (VFR) Flight Near Noise-Sensitive Areas in September of 2004. The Advisory Circulars are "advisory" in nature, they are not regulatory. However, it is recommended that pilots follow AC 91-36D when possible.

At Pine Mountain Lake Airport there are two recreational areas, the lake and golf course which are considered to be noise sensitive. For areas such as these the Advisory Circular suggests that pilots either avoid flying over them or fly at least 2,000' above them. So the neighborly thing to do is to not fly over the lake or golf course if practical. If pilots approach the airport from a southerly direction they should maintain a minimum altitude of 4,545 feet msl (mean sea level) when crossing the lake or a minimum altitude of 4,800 feet msl when crossing the golf course. These altitudes will keep aircraft at least 2,000 feet above these areas.

The FAA Regulation covering flights over populated areas is specified in the

Federal Aviation Regulation 91.119 titled **Minimum Safe Altitudes: General** and which states in part "Over any congested area of a city, town or settlement or over any open air assembly of persons, an altitude of 1,000 feet above the highest obstacle within a horizontal radius of 2,000 feet of the aircraft." So, a pilot is not in violation of the FAA Regulations unless he is below an altitude of 3,600 feet msl over the lake or 3,800 feet msl over the golf course. It should be noted that both these altitudes are below the published Pine Mountain Lake Airport pattern altitude of 3,930 feet msl.

When departing the Pine Mountain Lake Airport pilots should delay any turn to the south until west of the golf course or east of the lake to avoid over flying these areas.

Pilots can add some additional good neighbor vibes by arriving at or departing from the Pine Mountain Lake Airport at reduced power and propeller settings. This will significantly lower the sound your plane emits thus the sound heard by people on the ground.

Community Standards

BY DENNIS PIPAL, COMMUNITY STANDARDS DIRECTOR

Last month we addressed Resolutions that are part of our governing documents and common violations that occur. This month we will address the CC&R's which is the comprehensive document by which an association is governed.

I spend most of my time in Article's 7 and 8 which dictate member responsibilities. These are things you can't do, or in the alternative, things you must do, if you are going to be in compliance with our governing documents.

Below are some of the most common violations.

Article 7, Section 2 – Owner Maintenance Responsibility

- Each Owner must keep and maintain their Lot in good repair, including landscaping.

Special Note: dead trees & their removal, structure upkeep

Article 8, Section 1 – Use of Lots

- (a) no storage of any kind on vacant Lots
- (c) maintained so as not to be unsightly
- (e) no temporary structures (soft sided tents used for covering autos, boats, etc
- (k) remove trees greater than 5" without approval from association

Article 8, Section 4 – Prohibition of Noxious Activities

- No unreasonable annoyance or nuisance to neighbors (noise) barking dogs, loud music, loud parties, as examples

Article 8, Section 6 – Household Pets

- Leash law, no loose dogs in the Common Area
- Responsible for pets conduct (ex: nuisance barking)

Article 8, Section 9 – Garbage

- No accumulation of trash allowed
- Storage must be in appropriate containers screened from view from the street except on pickup days. (exception: garbage can holders constructed at the street)

Article 8, Section 10 – Storage

- Personal property must be stored in enclosed storage areas, not out in the open

Article 8, Section 15 – Parking and Vehicle Restrictions

- (a) Street licensed vehicles only, no go carts, dirt bikes, dune buggies, or quads
- (c) no dilapidated or inoperable vehicle, or parts can be stored on Lots except for emergency repairs (example: changing a tire)

There you have it. 99% of all violations occur in the foregoing sections of our CC&Rs. Feel free to call at (209) 962-1240 if you have any questions.

And in closing, and on a well-worn topic, can we talk about Lot ID again? Just do this. Pretend you are a fireman or ambulance driver who is trying to find your house at 2 am in response to a 911 call. It's pitch black and they are looking for a street number or unit and lot number. How easily and quickly will they find your house? Sometimes... seconds count.

That's why I like those green and white reflective signs made by the Tuolumne County Sheriff's Community Service Unit. They are inexpensive and really show up at night when they are needed the most. The order forms are at pinemountainlake.com/firesafety

And the location of your sign? We have a variety of different types of Lots and their access point. The best location for your ID sign is by the access point to your house. This is where the emergency vehicle can get to you the quickest. Sometimes it's a driveway. Sometimes it's an easement road. I see some of the craziest locations for ID signs because they have no relationship to where your house is. They are virtually worthless when it comes down to the main reason you need a Lot ID...EMERGENCY!!!

Take a look at your location - at the street by your access point for vehicles is best. Then take a look at your visibility. If it's hidden, broken, 100 yards off the street, weather worn - all of these put you at risk.

You can still have your artsy sign with your name and address engraved. But honestly, these don't show up very well at night so they aren't that effective for emergency purposes. And many of these have been up for so long they need to be refurbished due to weather wear and tear. Do yourself a favor. Check your signing and give it a critical eye. You may be happy you did.

COMING SOON TO YOUR MAILBOX

2013 Assessment/Budget Packets will be mailed to members by December 1, 2012.

If you have moved or changed your address in the past year, please check with PML Administration to make sure we have your new address on record.

This will assure you receive your 2013 Assessment/Budget Packet in a timely fashion and save you and your Association money.

If you have not received your 2013 packet by December 15, 2012, please contact the PML Administration Office at (209) 962-8627.

Shades of Green

BY ALAN MACDONALD GOLF COURSE SUPERINTENDENT

Welcome to fall! Let us discuss irrigation as during a hot dry summer it can be a much talked about subject. I am glad to see the heat of summer behind us. It was difficult at times to keep some areas alive and playable. Managing the course for water needs and keeping it enjoyable to play is always a challenge.

The greens are a mixture of grasses that each has different water and fertilizer requirements, at times they can be wet and slow to putt on, but need the moisture to withstand the heat of the afternoons. All of the other areas of the course are also a mixture of grasses that have different needs to stay healthy and playable. If we were out there and standing on the slope of #5 left rough around five in the afternoon and it is 100 degrees, I would assume we might look for some shade, or the very least a drink of water or an adult beverage. As we know the grass doesn't have that option. It must wait until the irrigation begins at 8:00 o'clock, by then it is more than ready for some water. When the irrigation does begin, the turf must share that water with the trees around it that are much larger and require a lot of water during those hot summer days, robbing the grass of its intended drink. It is a tough world for that little plant, the trees steal the water, the deer eat it, and the geese think they are helping with the fertilization program, and then you come along and take a divot!

Another factor of irrigation is the makeup of the soil that the plant grows in. Some areas of the course will accept water and others just will not due to thatch or organic buildup. This is where aeration, vertical cutting, and top dressing are extremely beneficial projects to improve water penetration. As you are aware, we do these projects at the very least twice a year and attack the "hot spots" when we can as the events we have do have a priority, at times there simply is not enough time to tackle these projects and the others we must do.

Other variables that can affect nightly irrigation are the performance of the irrigation system itself. This season we have experienced a few more nights of no irrigation due to main controller or computer failure than during most summers. This is also the first year we have experienced quite a bit of contamination in the sprinkler heads that will create an extremely wet or dry area. These sprinklers will either not operate at all or not shut off. If a head sticks on the only way for us to know it is to discover the head running when we come to work and by then it has been on for 8 hours or so. When you see us running heads during the day, we might be cooling hot spots or doing an irrigation audit.

Simply put, our goal is to give you the best conditions we can each and every day while completing projects to improve the course to handle all the variables Mother Nature can throw at it and us.

The U.S.G.A. agronomist was here on September 5th. There were no others present this year so Brian and I toured the course and as always discussed all areas of golf maintenance operations. It is fun to hear good ideas and recommendations of products that can make our course a little more enjoyable to play day in and day out. He will send a report and it is available via email if anyone is interested in reading it, give us a call.

I would like to thank Tom Moffitt for recognizing the mechanics and the work they do in his article last month. They truly keep us mobile and rolling.

Have a GOOD OCTOBER of GOLFING!

Pro Shop Talk

BY EVAN BOONE, HEAD GOLF PROFESSIONAL

Well, my first month here was just wonderful, except of course for our relocation/living adventures which many of you know about. But, that is all settled now and were ready to take flight. The theme of this article is sales, sales, sales!! For those of you who have been in the shop lately you've probably noticed quite a few changes in the shop's look. We have spent quite a bit of time in an effort to make the shop clean, organized and professional. Doug, Vicki, Dave B., and Dave N. have all been very helpful and open to these changes and I thank them for that. In order to achieve that look we need to continue to liquidate inventory until our inventory value is where it should be and we can bring in new things. To that end I have basically put everything in the shop on sale. Apparel wise we have a \$9.95 rack, a \$19.95 rack and a \$29.95 rack. Shoes are on sale up to 50% off. Golf bags are 20% off and I will sell the old demo club's for any reasonable offer.

Even if the club you like isn't an old demo, come see me as I will not be undersold!!

As time goes on I will implement many new ideas and changes which I hope will make your club more successful in all aspects. One of these ideas is that I have begun a relationship with Golf Now. As most of you know Golf Now is the leader of the Internet Tee Time world. Pine Mountain Lake will now be in the Golf Now system and we will partner with them to generate revenue by filling tee times that would otherwise go unused. The amount of free advertising we receive by being in their system is worth it's weight in gold as anyone who goes online to make a tee time will now see us as an option. I will be in complete control of what times are available and at what price. Rest assured that I will keep the integrity of your Pine Mountain memberships paramount. Keep the ideas coming as I'm open to all of them!!

Horsing Around at the Stables

BY LESTER SCOFIELD, STABLES MANAGER

Now that fall is in the air it is time to do some needed maintenance here at the PML stables. The first project on our list is to replace the inside wall paneling of the horse stalls and in the breezeway. Along with this, we will also replace the stall mats and the horse drink fixtures. When we have completed this, the next project will be to replace the outside stall doors. These doors have been down for a few years due to the shape they were in. Sometimes it is necessary to close these doors in the wintertime or when a horse needs to be isolated for health reasons.

We are scheduled to replace the arena stand as it has deteriorated to a point that it has become a safety issue. This is used in the summer months when we have horse events in the arena. The roof of the arena stand, when complete, will match our other building in the BBQ area.

To ensure that the Stables office meets that needs of the operation and our members, we will be performing a

minor remodel. This will make it much more pleasant for folks when they come to visit us. Monies already in the Reserve Fund will be used for these projects.

Now for some other small jobs that need our attention: we will be doing some landscape work in the BBQ area to help with winter run off and adding some new irrigation for dust control in the arena, along with some needed repair of the pasture irrigation.

If anyone would like to reserve the BBQ area please let me know. There is already a list going so, if you want your event out here you should give me a call to reserve a date before it is gone. The Equestrian Center is a great venue for birthday parties, family reunions, or just come out for a BBQ. You can even get married, "cowboy style" if you would like. As an ordained minister, I can perform your wedding service or you can have your own private official do it.

For information about all our services here at the stables, just give me a holler!

Canada Goose Problem

BY THE PMLA WATERFOWL MANAGEMENT COMMITTEE

We are starting to see results from our Deputy Dog patrols. The patrols have been most effective on our beaches since the area is much smaller than the golf course. Less goose poop is being picked up from the beaches, so we know fewer geese are coming to the beaches. The Deputy Dogs that are patrolling the golf course work very hard and they are effective, but the area is so large that we need more Deputies to assist us. Can you and your dog help out on golf course patrols? The pay is lousy (OK, there isn't any pay!) but the payoff is big in other ways. You and your dog get to walk on the golf course (something that is never allowed except by volunteering for this program) and you both get the benefit of exercising in beautiful surroundings, plus it's fun for your dog. Pursuant to federal law the dogs

cannot touch or harm the geese, so an aggressive dog is not a candidate for this program. Unless you like to walk in goose poop while you golf, we really can use your help. And just because summer is over, doesn't mean the dog patrols are ending. Since we have year round resident geese, we must keep up our efforts throughout the year.

As a reminder, please DO NOT feed the geese! Not only is it against federal law to feed the geese, but it also encourages them to continue to hang out on our beaches. Thank you for your cooperation.

Please e-mail us at PMLAWMC@pinemountainlake.com if you and your dog can assist us, or if you have any suggestions for discouraging the geese from hanging out on the golf course and beaches.

The Streets Crew

BY TOM MOFFITT, MAINTENANCE MANAGER

When it comes to heavy lifting, you call in the PML Streets Crew. Of the six departments within the Maintenance Department, this is the largest. Although the label may be a bit deceiving, since the crew does way more than attend to our streets work, they are the principle labor force on the roads, on the lake, and in greenbelts.

Any major construction project at our amenities, will involve the PML Streets Crew. They are diverse in their talents, and diverse in their work. They are heavy equipment operators, equipment operators, truck drivers, construction equipment operators, snow removal equipment operators, watercraft operators, foresters, riggers, fabricators, skilled construction workers, and all of them know which end of the shovel is the working end.

The crew has a PML 20-year veteran as their Foreman, Toby Granger, a working foreman with the hands-on experience to deal with the many maintenance repairs at every PML facility and amenity. The Streets Crew has a street sweeper operator Beth Smith, who also is our licensed herbicide sprayer, occasional traffic controller, DI clearer, and who always seems to be on trash duty. Bill Rash operates the workboat, the lake weed harvester, does the dam check, lake water checks, repairs and places our road signs, replaces the traffic control signs, line striper, performs construction work and facility repairs, concrete finisher, or as otherwise needed, an all around good man to have. Tony Esteves is the truck driver, transports materials, goes the distance, keeps the work moving. Luke Granger is our heavy

equipment operator par excellence, one of the best steel fabricators in the area, performing road work one day and building decorative railing the next. PML veteran Joe Vilmer staffs the Slash and Compost Site, operates heavy equipment, and performs construction work and every task imaginable. Steve Harvey is the man in the middle, with multiple skills and multiple tasks, a skilled construction worker. Newer PML employees Joe Ronning and Keith Glover get the hands on work with the Streets Crew, well...somebody has to do the manual work, and both are also skilled workers in the trades.

All of the Streets Crew are trained in traffic control, snow removal, DI and drainage work, storm duties, fire abatement, and are shifted into many roles. The crew gets the big fire abatement work done thru-out PML's greenbelts and common areas, mostly between November and June.

In this last year, they constructed the Shooting Range, built access

roads, improved the Campground, overhauled the docks, set cable and deadman anchors, set lake buoys, completed asphalt projects all over the place, improved the Slash and Compost Site area, harvested trees, built boundary fences, and performed the yearly maintenance work on our roads. And the year isn't over yet!

The maintenance work is defined by the seasons, and changes with the weather. Although the working environment may change, many repair problems do not respect the time of day or the weather. Our winter brings snow and around the clock storm duty for the crew. Downed trees on our roadways know no time of day; the snow is usually heavier after 8PM, the roads get icy at 4AM, the calls come in, and the workers are summoned to their duties. Everyone has a duty to perform, each gets a schedule, and the work gets done in a timely manner. It is part of being on the PML Streets Crew.

Friends of the Groveland Fire Dept GROVELAND FIRE DEPARTMENT SOS CAMPAIGN UPDATE

Regretfully our campaign to save our local Groveland Fire Department (GFD) was turned down by the GCSD Board of Directors and the GCSD General Manager. We began the Save Our Services (SOS) effort in early June after the failure of Measure D to pass a 2/3 vote of registered voters in the District covered by GCSD – Groveland, Big Oak Flat, and Pine Mountain Lake. The idea was simple: Keep our Fire Department funded with all staff despite the \$300,000 shortfall in revenue with Measure D failure. Do this with tax-deductible contributions of \$107 to the Fire Department from Community members, including the some 2000 disenfranchised PML property owners who would have paid the \$107 parcel tax but could not vote on the measure because they live elsewhere. We hoped to raise \$100K, and committed to \$30K for the 1-year austerity budget that we, with help from our Fire Chief Shane Warner, Community members of the GCSD Fire Committee, and the Fire Fighters, put

together and recommended to the GCSD Board. Raising the funds was not difficult with an average of \$200 per day coming in. At that rate, we would have collected over \$72,000 during the year. “Off-the-hill” residents joined locals in contributing.

So, what happened?

- **5 June**, Carol Simpson conceived the Friends of GFD tax-deductible contribution idea for interim funding for the Fire Department.
- **2-27 June**, Friends of GFD formed, \$1591.00 received
- **2 July**, Initial Community concern that the GCSD solution would entail loss of Chief Warner and Admin Assistant Kathy Bernheisel plus out-sourcing to CAL FIRE
- **3 July**, Created 2 options for donations 1) unconditional, direct to GCSD for FD, 2) conditional checks and pledges contingent on retention of our own local Groveland FD with all staff

- **18 July**, petition supporting Chief Warner and our local GFD emailed
- **24 July**, 101 electronically signed petitions delivered to GCSD General Manager Gary Mello
- **1 August**, 40 more signed petitions delivered to Gary Mello
- **2 August**, 198 signed petitions delivered to GCSD Board at GCSD Board Meeting, out of total of 286 received to date. Community members filled the Community Center and spoke in favor of Chief Warner and local GFD
- **15 August**, Chief Warner succumbed to months of extreme pressure and resigned
- **21 August**, Community members packed the Fire House for GCSD meeting, Friends of GFD presented a budget that could keep our GFD operating with reserve funds for contingency, Director J. Riley presented CAL FIRE Sched A budget, V. McVicker presented CAL FIRE Hybrid budget. Huge majority favored Friends of GFD budget. Meeting continued to 28 August.
- **28 August**, GCSD Board voted for CAL FIRE Sched A to outsource firefighters labor to CAL FIRE, no local Fire Chief nor Admin Assistant, use our Fire

Station, engines, and equipment, Firefighters get a raise and 50% better retirement.

- **30 August**, Friends of GFD meeting, will return all conditional donations and pledges with thanks, keep website with direct donation to GFD, continue as source of information on GCSD and our Fire Department.
- **10 September 2012** – Donations to date: \$9772. (\$4803 conditional, \$3012 direct)

Our heartfelt thanks to all who donated! We will regretfully be returning checks and pledges to those who made their donations conditional on keeping our own local Groveland Fire Department. We will keep our website www.FriendsofGFD.org and continue to post information. The direct donation slip can still be used to send a donation directly to GCSD if you wish. We are saddened and dismayed that we have lost our dedicated Fire Chief of 17 years and his able Admin Assistant. Many of us owe him our lives. We are pleased for our Firefighters and glad they can remain working in Groveland. An unfortunate byproduct of our GCSD Board's decision is the resulting loss of leadership and local control.

ALL PMLA HOMEOWNERS EMAIL OPT-IN PROGRAM

The Association is pleased to offer a money saving program available to all PMLA property owners. This program allows you to receive many of the documents we are required to provide to you via email. This option is important because:

- **Cost Savings** – The Association is spared the expense of printing and mailing many documents

to those property owners who sign up.

- **Environmental Savings** – Less paper means less trash and reduced damage to the environment both in the disposal and production of paper and envelopes.
- **Reduced Clutter** – By receiving documents via email there is less

paper for you to deal with. All documents can be saved on your computer and viewed at your discretion.

- **Timely Receipt** – Documents sent electronically are received in minutes as opposed to the days it takes for regular mail to arrive.

If these sound like good reasons to

you, please sign up for the Document Email Program today using the attached form. Simply return the completed form to the Administration office at your convenience.

If you have any questions on this program please feel free to give us a call (962-8600) and we will be happy to explain the details and the advantages.

PINE MOUNTAIN LAKE ASSOCIATION EMAIL STATEMENT AND REQUIRED DOCUMENTS AUTHORIZATION FORM

Please review and sign below to agree to the Terms and Conditions as presented.

Agreement To Terms and Conditions:

Please enroll me in the Pine Mountain Lake Association (“PMLA”) email statement and required documents service (“email statement and documents”). I understand that there is no charge for using this service. This document forms the basis of the agreement between a property owner and PMLA in relation to the use of email statements and other required documents.

TERMS AND CONDITIONS:

1. EMAIL ENROLLMENT

- a. By enrolling or registering for the email statement and document service, you agree to receive your PMLA statements and other PMLA documents via electronic mail (email). This includes, but is not limited to, any and all legally required documents that you are entitled to received as detailed in the California Civil Code (Section 1350.7), the California Corporations Code (Section 20), the Davis-Stirling Common Interest Development Act and Pine Mountain Lake Association governing documents.
- b. By enrolling, you acknowledge and agree that email statements and documents are a courtesy service and regardless of whether you receive any email statements or documents, you agree to pay all assessments and/or other charges to PMLA in a timely fashion and in conformance with the governing documents of PMLA.
- c. By registering and completing the required form, you are considered enrolled. As soon as possible you will begin receiving your statement via email and no other statement will be provided through the postal service or other written form.
- d. After registering, you may discontinue the email statement and documents service by written and signed notification to PMLA.

2. LIMITATIONS, CHARGES AND CANCELLATION:

a. Service Limitations:

PMLA will take commercially reasonable efforts to provide your email statements and documents in a productive and efficient manner. However, technical or other difficulties cannot always be foreseen or anticipated. These difficulties may result in loss of data, personalized settings or delays in your receipt of your statements or documents. PMLA is not liable for failures of email statement or documents transmissions due to any cause, including but not limited to transmission failures due to:

- i. bounced emails;
- ii. full email boxes;
- iii. internet access problems;
- iv. network failures;
- v. any other delays or customer failure to receive email statements.

b. Cancellation:

You may cancel your email statement and documents enrollment any time by sending a signed request for cancellation to Pine Mountain Lake Association, 19228 Pine Mountain Drive, Groveland, CA 95321.

3. MISCELLANEOUS

a. Notices:

Any and all notices to you shall be in writing and shall be made either via email or conventional mail, at PMLA's discretion. PMLA may broadcast notices or messages through the service to inform you of changes to the Terms and Conditions, the service, or other matters of importance. Such broadcasts shall constitute notice to you. Any and all notices to PMLA regarding this authorization must be made in writing, through email at the address listed below.

b. Entire Agreement:

All terms and conditions set forth herein constitute the entire understanding between you and PMLA regarding email statements and documents.

c. Privacy:

PMLA will use all efforts to ensure email addresses are not used for purposes other than HOA document dissemination, but PMLA takes no responsibility for unauthorized access of emails, ensuing spam, etc.

4. CONTACT INFORMATION:

Where Did the Summer Go?

BY JAY REIS, THE GRILL MANAGER

Where did the summer go, this summer seemed to go way to fast. It's October already and it's time to put the boats away and winterize the decks.

Many of our guests have been asking if we will be cutting back our days of operation in the winter months. We will be open Tuesday through Sunday year round weather permitting. We will only be closed on Christmas Eve and Christmas Day. We will however change our dinner hours on Tuesdays, Wednesdays, Thursdays and Sundays to 5pm until 8pm and Friday and Saturday we will serve dinner from 5pm to 9pm. There are no changes in our lunch hours (Tuesday through Sunday 11am to 3pm) or our breakfast hours (Saturday 8am to 11am and Sunday 8am to 12:30pm). We are closed on Mondays; however New Years Eve falls on a Monday this year and we will be putting on another great party to ring in the New Year. This event usually fills up before December so make your plans early and call for reservations.

Where did the summer go, can you believe Thanksgiving will soon be here, Carrie and her staff are planning a wonderful Thanksgiving buffet, so make your reservations early as seating is limited.

Thank you to all of you that have been taking the time to go online and giving me your feedback and comments through our guest feedback survey. We are constantly striving to provide you with the best value possible. Our goal is to have all the questions in the survey answered "Excellent". So, if we are not meeting your expectations, please let me, Tom or Bambi know. Thanks to the internet and your input, I am able to receive the results and comments quickly. When you complete the survey, the comments are sent immediately to my email in box. This helps me manage and keep your restaurant up to the high standards that you expect. Remember; if for any reason you would not mark "Excellent", for any part of your visit please ask to speak to the manager so that we have an opportunity to resolve your concern.

Although the summer season is over, we continue to be very busy with Golf Tournaments, Anniversaries and Banquets. And just around the corner we will be hosting many holiday parties. So, be sure to call ahead for reservations.

Once again, thank you for dining with us. The Grill staff has been working hard to meet your expectations and we do appreciate your business. I also appreciate your emails and suggestions, so feel free to contact me at clubmgr@pinemountainlake.com or call 209-962-8639

Swing into the Holidays

BY BAMBI JOHNSON, HOSPITALITY COORDINATOR

The holiday season is in full swing. The grill is delighted to be hosting your holiday events. If you would like to meet with me to plan your next

Food and the Internet

BY CARRIE TAYLOR, HEAD CHEF, THE GRILL

S o c i a l networking is all the rage these days, whether you have a Facebook page or even a Twitter account, it seems that in order to stay up to

date with friend's goings on, pictures of loved ones recent trips or babies or just latest of what going on around you, you must have a Facebook page.

The folks that are a part of the social media scene can't seem to live without it. Others rely only on email for all those kind of updates.

If you would like to be in the know email me at kitchen@pinemountainlake.com and I will add you to the database. Our guests tell me they would like to know in advance what the specials are to be able to make reservations. Advance planning and being able to get the word out has its challenges. Often times the special is planned well in advance but the supplier might not have in stock what I need; the fisherman might not have caught what I had planned.

My weekly goal is to create something that The Grill guests will delight in. It might be a dish they have not had before and then other times we like to create a dish that everyone knows and appreciates. We are always trying to keep it enjoyable and exciting for our guests.

The internet is a valuable tool in planning menus, getting inspiration, keeping up on the trends, seeing what local restaurants as well as the big city hot spots are doing. When I use a recipe website, I go through and look for something that peaks my interest, check out the ingredients

and then put my own spin on it. Sometimes my inspiration comes from more than one recipe. My go to websites are www.foodandwine.com, www.epicurious.com, and www.bonappetit.com. I keep up on industry news and trends with www.grubstreet.com. To see what local and big city restaurants are doing I use the website www.yelp.com, this is a great tool to see what on the menus of popular restaurants across the United States.

I know that this recipe is not timely for when this article will be published but so many of those that attended our August Wine tasting with Chatom Winery and have asked for the recipe for the Watermelon Salad here it is.

INGREDIENTS

6 cups diced seedless watermelon
3 cucumbers peeled, seeded, and diced
1 cup crumbled feta cheese
1/2 cup julienne mint
3 limes

DIRECTIONS

Mix all together and squeeze lime juice over salad. Depending on the sweetness of the melon you might want to add a little sugar and only use two limes.

Snip this recipe out and stash until summer!

If you haven't visited us in a while, here is my personal invite for you to dine with us, please let your server know and I will be happy to come out of the kitchen and introduce myself. If you have any questions or suggestions send me an email at kitchen@pinemountainlake.com

Until we eat together...

out quick, so call early to reserve your tickets for the most happening place to spend the last moments of 2012! For those who just want to come and dance there will be a \$10.00 cover charge at the 19th Hole Lounge.

Hope to see you at The Grill soon, until then, Bon Appétit!

THE 19TH HOLE LOUNGE Fall is Upon Us

BY TOM LOVE – FLOOR MANAGER

Yeah, fall is finally here and that means its football season. The Monday night football dinners are off to a great start at The 19th Hole Lounge thanks to the ROOFBB's. The dinners that they have planned for the rest of the season are truly amazing.

Thank you ladies. On December 10th my wife (Kathleen) and I will be the host chefs. We will be making fish tacos, with homemade beans and Spanish rice, and yes we will have all of the fixings to go with. For those of you that haven't met Kathleen this will be a great opportunity for you to come in and say hello and have a great dinner.

THE REST OF THE MONDAY NIGHT FOOTBALL SCHEDULE IS AS FOLLOWS:

Week 4 - October 1, 2012
Chicago Bears @ Dallas Cowboys

Week 5 - October 8, 2012
Houston Texans @ New York Jets

Week 6 - October 15, 2012
Denver Broncos @ San Diego Chargers

Week 7 - October 22, 2012
Detroit Lions @ Chicago Bears

Week 8 - October 29, 2012
San Francisco 49'ers @ Arizona Cardinals

Week 9 - November 5, 2012

Shooting Club News

BY JOHN GRAHAM, PRESIDENT

The year is winding down and what a year it has been. We've seen the completion and opening of PMLA's beautiful shooting range. A total of 32 men and women have successfully been certified as Range Safety Officer by the NRA, and most have served at least once at the range, the PMLA website has been expanded to include information on the range and Shooting Club, procedures have been tweaked and the SC website has been expanded to include RSO scheduling and pictures of the place. As mentioned last month in this column, we are planning our annual business meeting for 10:00 am, October 13 (Saturday). In order to get more people to the range, we are going to have the meeting there with breakfast prepared by Dan of Grimes Getaways. The menu will include scrambled eggs, pancakes, sausage and coffee, but the best part is (drum roll) the Shooting Club is paying for existing members and all who join the Club during this event are invited.

That's right, the Shooting Club wants its members and those becoming a member to come up to the range and see what the excitement is all about. We will have an election of Board members then do some range improvement, like repair targets, paint line benches, general cleanup, etc. When that is done, we can begin destroying targets again. And the best part, we are requesting a fee free day (the PMLA Board must approve this request). I've asked the association to provide more parking, but it would be prudent to ride share as much as you can. We will have membership and renewal applications available. Dues paid after October 1 will count as dues for the following year (2013), so we expect a lot of renewals and new applications during the event.

If you would like to become a Board member and/or officer, please let us know so we can present your name before the membership. The Club also needs an activity chairperson.

PML Men's Golf Club

BY ROY CONLEY, SECRETARY

There were 2 tournaments in August. The first Friday Sweeps of the month was on August 10. In flight 1, first place went to the team of Al Saisi, Jeff Sera, Mike Butera and Rich Ramos with 186, followed by Rich Graham, Brian Sweeney, Dan Davenport and Wayne Doty with 189. In flight 2 it was Paul Purifoy, Don Lacy, Jim Soderberg and Bruce Lay with 186, followed by Dick Faux, Jerry Dickson, Dave Penning and Bob Stock with 187.

The Sunday Sweeps was held August 12. First place went to Jim Wilbanks and Tom Connelly with 93.6, followed by Charlie Shehorn and John Figura with 95.45.

The Second Friday Sweeps was August 17. First place honors in flight 1 went to Mike Hankin, Chuck Obeso-Bradley, Frank Jablonski and Rick Higgs at 120, followed by Al Saisi, Jeff Sera, Rich Ramos and Ron Saisi at 126. In flight 2 it was Wayne Augsburg, Jim Wilbanks, Dave Nilan and Vince McNamara at 121, followed by Dan O'Connor, Eddie Wright, Larry Wolf and Doug Ludolph at 122.

There will be 4 tournaments in October. The Fall Invitational will be held on October 13. Entry deadline is October 11. Friday Sweeps will be on October 19. Entry deadline is October 17. Sunday Sweeps will be on October 21. Entry deadline is October 17. Finally, the Italian Invitational will be held October 26. The entry deadline is October 24.

Now for another rules quiz, prompted by bad advice I've been given on the course.

You hit your second shot on number 6. It looks really good, but you can't see exactly where it landed. As you get out of your cart, you see that your ball is right next to the hole. While you're grabbing your putter, another member of your group hits a chip shot that rolls up and knocks your ball into the hole. Do you get the eagle?

According to Rule 18-5, if your ball at rest is moved by another ball, it must be replaced. You still have to tap in for the birdie.

Until next month, put your drives in the fairway, your putts in the hole and have fun out there.

PML Aviation Association

BY LARRY JOBE, PMLAA PUBLICITY

Our September 8th meeting featured three of our own members reliving and reminiscing about their time in Vietnam. Norm Peebles, Joe Riley and Ed Peters. Joe and Norm were helicopter pilots and Ed was a crew chief on a helicopter gun ship. We owe all our serviced men a vote of thanks for giving up their youth to protect us. These three gave us a little insight into what was involved and what it was like. From all of us, THANK YOU, Norm, Joe and Ed.

There is no October meeting as it is replaced by Airport Day's. Young Eagle flights will take off in the morning with the remainder of the day dedicated to introducing our local population to what goes on at the airport along with several fun and interesting events, such as, flybys by several popular formation flying groups, a remote controlled aircraft demonstration and, finally, a car and/or motorcycle versus airplane race. So come join us for our fun filled annual airport day program Saturday, October 6th.

The November 3rd meeting features the Tuolumne County Sheriff's Search and Rescue Team. It will be held at Vicky and Jeff's NEW hangar. We will have our usual pot luck and as always main course dishes are appreciated.

If you have ever wanted to learn to fly

or have a pilot's license then you won't find a better deal than our own Pine Mountain Lake Flying Club. The Pine Mountain Lake flying club owns a Cessna 172 with 180 horse power engine and fixed pitch prop. This is a great training aircraft and is also useful for flying to all those faraway places. Sound interesting? Then check out their web site at <http://www.pmlaeroclub.com>.

New members of our Pine Mountain Lake Aviation Association are always welcome. You can join by filling out the application on our web site at <http://www.pmlaa.org>. Applications can also be requested at PMLAA, P. O. Box 131, Groveland, CA 95321.

Annual dues are \$20 per person or per family. A check can be made out to PMLAA and sent to the above address.

PML Aero Club

BY CATHERINE SANTA MARIA

The month of August was spent doing the annual on the Cessna so just a couple of pilots flew the last few days of the month. The Aero club welcomed another new member to the group his name is Joe Juszkiewicz and he is already a private pilot so let's all welcome Joe to the group.

Area young people ages 8-17 will have a chance to take to the skies on October 6, 2012 as the local EAA Chapter #1337 hosts Young Eagles Flight Rally at Pine Mountain Lake Airport Day.

The rally is part of the EAA Young Eagles Program, created to interest young people in aviation. Since the program was launched in 1992, Volunteer EAA pilots have flown more than 1.7 million young people who reside in more than 90 countries. Our own Bob Hornauer has flown 85 young eagles over the

years and he will once again volunteer his time on October 6, 2012. The free rides will be given from 9-12. Please contact Michael Thoben at 962-0503 or Ed Sunday at 533-1405 for more information.

Following the flight, each young person, will receive a certificate making them an official Young Eagle. Their name will be entered into the "World's Largest Logbook," which is on permanent display at the EAA Air Adventure Museum in Oshkosh, WI. The Logbook is also accessible on the Internet at www.young eagles.org.

The Aero Club's next meeting will be on September 8, 2012 at 10:00 am at Larry Jobe's Hangar. If you are interested in becoming a member of our group please contact Dennis Smith at 962-4950.

Pine Mountain Lakers RV Club August Event

BY MADDIE SOUSA, SECRETARY

Our Pine Mountain Lakers RV Club Aug. Event was a trip to Smithwood RV Park in Felton. We camped in a beautiful redwood forest and made our gathering spot at a large circle with a BBQ and fire pit. The following day we all boarded the Roaring Camp Steam Train for a ride through the redwoods and later an impromptu lunch at Chubby's.

Next day we spent part of the day at Santa Cruz Beach & Boardwalk with a stroll through Capitola. We indulged in salt-water taffy and Maddie found a Thomas Kincaid print in a gallery. We finished the night at the Yacht Harbor dining at the Crows Nest. Yummy seafood!

There were 8 RV'ers attending our outing including; Al Rodriquez, Barbara Elliott, Joe & Maddie Sousa, Paul & Jane Sperry and Paul & Rachael Gordon.

Friends of the Lake Scavenger Hunt: "The PML Riddler"

BY VIRGINIA GUSTAFSON

On September 9th, members of Friends of the Lake enjoyed a beautiful evening at the marina. This was our annual scavenger hunt around the lake, organized by our creative and tireless Dar and Mal Brown. After a delicious potluck supper, we boarded boats and set off to attempt to answer riddles and find the indicated items around the lake. Do you know where the totem pole is? Or the boat named for San Jose's hockey team?

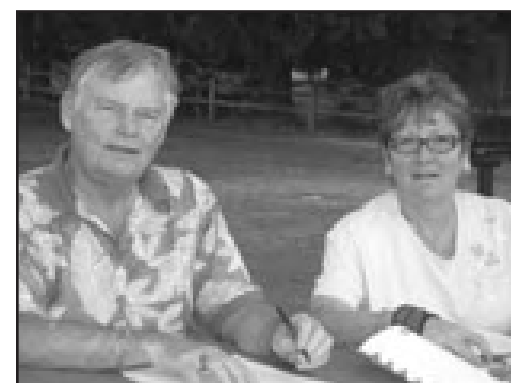

Many thanks to volunteer boat drivers Catherine Santa Maria, Larry Woodruff, Bruce Rossio and Jim Goodrich.

Two boats had perfect scores so the tie-breaker was to answer a series of question about PML: including our average elevation, the number of acres in the lake, and the length of the dam. Congratulations to Dart and Larry Woodruff and the passengers on their winning boat. The boat team driven by Jim Goodrich came in second. Special thanks to Dar and Mal Brown for organizing a fabulous evening.

Membership in Friends of the Lake is open to anyone interested in the health, safety and equitable use of our lake. To

Quilters' Corner

BY SANDY SMITH

It is October already and fall is definitely falling. The breeze is making it rain leaves. Good quilting weather, don't you think? It is a busy month for quilt shows. Thursday the 11th thru Sunday the 14th is PIQF at the Santa Clara Convention Center. For lots of information go to their website, very interesting. Just type in Pacific International Quilt Festival in the search box and then click on the Santa Clara Convention. If you have never been, consider going this year.

Also on the 27th of October, E. V. Free will have their "Patterned By God's Design" quilt show in the church. Be sure to go over to the Fellowship Hall and enjoy browsing through the "Boutiques Items". Such wonderful

creative "goodies" to chose from. Lots of hours, love, and laughter have gone into this Bi-Annual show. It will be from 9-4 on Saturday, and there is no charge. Take the time to enjoy this super show.

Pine Needlers Quilt Guild meets on the 3rd Tuesday of each month. This month it will be the 16th. We meet under the library at 6 p.m. Being part of the guild is so exciting, you learn so much and the group of ladies are so very special. Also if you want to volunteer, helping with the little CNVC quilts, making pillow cases for Tuolumne Trails, or Patriotic quilts for Mather Field Hospital, it is available to you. Cookies too!

Handy hints come from many places, this one from Helen Sheehan who lives in Indian River, Ontario. "I was

quilting one day and having trouble determining what side of the seam line to stitch. So I shone a flashlight from under the quilt, and it was immediately obvious where to stitch. Now, all my quilting buddies use this easy trick". This tip came by way of Jackie Abbott, thanks. Hope you enjoy the tip, you just never know when someone has an easier way to do something.

Have you noticed how much interest there is now in the Civil War era? Lots of quilt shops are featuring beautiful Civil War fabric, just in time for you to have lots of choices for your quilt for the stroll. Here is the next block in our series, the Arizona block. Arizona, gained through the Mexican War (1846-48) and the Gadsen Purchase (1853), was used as a transportation route to California.

A plucky woman called "Arizona Mary"

earned a substantial livelihood driving a 16 yoke ox team, hauling supplies in the Southwest. Other women widowed on the trail continued westward, directing the family alone. Some found they could make as much \$100 a week doing men's laundry. Some became entrepreneurs, operating boarding houses for men far from family who longed for home cooking. Others became teachers, actresses, nurses, or missionaries. I wonder how many of us would drive a 16 yoke ox team, not me. Bless them.

See you on the 16th, at 6 p.m. under the library, and then at 1 p.m. on the 18th at Deanas for the Block Party. Bring your sewing machine, and join us in making the little quilts for CNVC. Call me for directions, 962-4950.

Almost forgot 2 websites to browse thru: sbaronsatticquiltshop.com, and quiltedforest.com (wonderful). Enjoy.

PML Ladies Club Celebrates "The Lifestyles of PML"

BY: DAR BROWN, PUBLICITY CHAIR

The PML song says "If the spirit moves me, I'll find something to do", but we all know that there is a LOT to do in PML and event chair Cheri Rickett, MC Jim Soderberg and our models beautifully showcased our wonderful and active lives in PML at the Ladies Club luncheon on September 5. Following a delicious lunch of quiche, salad and decadent calorie-free cookies; NOT! served by the attentive staff at the Grill, PML models, wearing their very own clothing appropriate to the activity they represented, engaged the audience, often causing them to break into hysterical laughter. (Do note that Wayne Handley does not always dress as an ostrich.)

The event kicked off and ended with the wonderful melodies of Sierra Sounds: Shirley Brascisco, Connie Scott, Linelle Marshall, Frank Jablonski, Charlie Mills and Jim Soderberg. And on the runway:

Linda & Alan Craig, Catherine Santa Maria
- *Aviation*
Patti & Red Rossio - *"Trouble" on the lake*

Linn Faler - *Golf (love the Plus Fours)*
Jane Hansen - *our world traveler*
Barbara Lacy, Lynn Orloff and Syl Dupont
- *Equestrian*
Wayne Handley - *Ostrich Man*
Wanda Patterson & Bill Broderson
- *Tennis*
Charlie Stoll - *Elvis was in the house!*
Kathy McConnell & Karen Handley
- *Hikers (what was in those bottles anyway???)*
Farah, Alicia and Amber - *Body Beautiful's sign bearers*
Dorothy Broderson, Faye Buckley and
Rae Ann Bozzo - *bathting beauties from water aerobics*

DJ Phil Hickerson provided the music and of course MC Jim always knows just the right thing to say. Congratulations to Cheri, Jim and all the models for a fantastic event.

The always popular Home Tour will be held Oct. 3. Watch for your flyer and sign up quickly, as this event always sells out.

FREE Airplane Rides for Kids at PML Airport, October 6

BY VIRGINIA GUSTAFSON

Girls love to fly too!

Dick Collier prepares to fly with an excited Young Eagle.

Give your child a thrill! On October 6, from 8:30am-noon, the local Experimental Aircraft Association (EAA) Chapter 1337 is offering *free* airplane rides for kids ages 8-17 at Pine Mountain Lake Airport. Kids get the thrill of an airplane ride and the chance to see the world in a new and exciting way. Participating in a Young Eagles flight can show youngsters different ways to see the world and new possibilities for their lives.

Flights are offered free of charge and are made possible through the generosity of local EAA pilot volunteers. To participate,

just come to the PML airport at 8:30am on Saturday, October 6, and sign-up. Parents should accompany their kids and *parental permission is required*.

For more information, please contact Young Eagles Coordinator, Ed Sunday at (209) 533-1405.

Following the Young Eagles flights, the PML Aviation Association presents "Community Airport Day" with free exhibits and flying demonstrations at the airport from noon - 3:30pm. See separate article for all the details.

PML Niners Golf

BY CYNDY KROUT

Our beautiful weather continues and it is great to have so many ladies come out and join us on each Thursday. We look forward to autumn and continuing to play on our beautiful golf course.

To start off the month with putts day on the second we had 12 players and Sarah Zimmerman came in first followed by a tie between Karen Dickson and Pat Price. In a close third place Marilyn Alexander, Flo Jansen, Judy Michaelis and Wanda Patterson were one behind. Pat Van Gerpen got a par on #14 and Sarah on #17 while Flo Jansen chipped in on #13 and was also Low Net for the week.

On August 9 we played Team Low Net with 17 players and two of the teams tied! The one team consisted of Karen D., Linelle Marshall, Pat V.G. and Sarah Z. The other team was Marilyn Alexander, Faye Buckley, Judy M. and Wanda P. Also Marilyn A., Linelle M and Pat V.G. each got a par on #14 while Wanda chipped in on #10. Low Net for the week was a three-way tie with Linelle, Wanda and Pat V.G.

Then on August 16 with 10 players we played Secret Pals and also our sixth Eclectic round. The first place team of secret pals was Judy Michaelis and Jane Hansen. Second place was shared with Karen D. and Sarah Z. while third place was Shirley Colley and Pat V.G. Marilyn Hathaway hit a par on #14 and Pat V.G. on #17 while Karen D. was chipping-in on #16 and Wanda birdied #14. Pat V.G. was Low Net for the week.

We played BASEBALL on the 23rd along with golf and 18 players. We had to figure out each hole what play would be best for our teams and everyone got into it and had fun. There were two first place teams and they consisted of Linelle, Bev Oakley, Wanda and Cyndy and also Karen D., Geralyn Dielman, Barb Haiges and a blind draw. Second place was Linda Craig, Pat V.G., Nancy Whitefield and Sarah Z.

Then we played Tee to Green...Field Shots plus our 7th Eclectic with 14 players on August 30. First place was Pat V.G. and she was also Ace of Aces for the month.

Second place was a tie between Shirley Haliwell and Linelle and Marilyn H. was in third. Linn Faler placed fourth, Cora Bieler fifth and sixth place was a tie with Marilyn A., and Stacie Brown. Linn and Marilyn H., each got a par on #14 and Shirley H. was low net for the week.

It was a very busy month and we got to play every Thursday. In October we will have a 9 AM tee time. There will be an Invitational at Oakdale we can go to on Tuesday 23. Also Halloween Golf will be on the 25 and we are invited to play with the 18 holers and enjoy lunch afterwards.

This is a great opportunity to wear your costumes and play in a fun tournament. There will be a short meeting following lunch as we start to plan our officers and chairs for the next year.

Check your roster for changes in October tee times or activity at other clubs. Also, emails are sent out if there has to be a change in our scheduled play date or time. Dues will start to be collected for the 2013 season. By this time I hope we will be enjoying Fall weather and trying to find our balls as the leaves fall. See you out there!

PML Shooting Club to Sponsor Women & Handguns Course

BY CAROL SIMPSON

If you are a PML gal and have ever wanted to learn to shoot, or maybe shot a gun a few times but want to get confident, then I hope you will take advantage of the Women & Handguns course that our PML Shooting Club is sponsoring at our PML

Shooting Range on Thursday, October 11, 2012. The course will be taught by Tami and John Popke, wife and husband team of Weapons Training School (WTS) www.weaponstrainingschool.com I took their course a couple of years ago and

thoroughly enjoyed it. You do not have to know how to handle a gun or how to shoot. Tami and John will take you gently and with lots of fun through all the steps. At the end of the 4-hour course you will be confident and effective with

a handgun. See the WTS course flier for details. This is a great opportunity for us gals here at PML. All PML resident women are eligible for this course designed specially for us at our own PML Shooting Range.

**What do chocolate-dipped strawberries, handguns,
and women have in common?
All can be found in this exciting course offered only by WTS!**

WOMEN & HANDGUNS

This fantastic course is a great introduction to handguns or a review for gun owners who feel the need to build their confidence and basic skill in the safe use of a handgun. Owners John & Tami Popke designed this training to specifically meet the needs and concerns of women who want to learn to safely and confidently use a handgun for self-defense, while in the comfort of a small group setting.

This course offers fun, professional instruction in a friendly, non-intimidating environment of women only, including women instructors. You will be pleasantly surprised how empowering and FUN women and handguns can be! If you do not own a gun, we will provide everything you will need. We offer a wide variety of handguns to "test drive" as part of the course. Come and join us!

Training Includes:

- Handgun Safety
- California Laws
- Shooting Stances, Grips, Positions
- Live Fire
- Home-invasion scenario training
- Types of handguns/pros & cons
- Shopping 101!
- Personal Protection Techniques
- Certificate of Completion
- View & shoot a wide variety of new handguns great for women
- Handgun Safety Certification

Hummingbirds!

BY TOM KNOTH AND PAULA MARTELL

PML has lots of “Hummers” and it is easy to attract them. Feeders are available at Down to Earth Hardware or Nursery, and they have a 32 oz “Best 1” feeder for \$17 that will allow a longer period of feeding between refills.

For food, we use a solution of 50% white sugar and 50% water, plus some red food coloring. Dissolve the sugar in the microwave or on the stove, let the mixture cool, and pour into your feeder. We recommend at least two feeders within 10 yards of each other; we have four feeders and it is quite a show at dusk with at least a hundred hummers in the area.

One warning: Hummingbirds will become very reliant upon your feeder(s) and if you frequently run out of food, they will not hang around. So,

it is not a good idea to put out feeders if you are a part timer in PML. Just like a traditional pet, they will rely upon you having food available for them every day. We are refilling feeders at least once every other day, but for us it is well worth the effort!

Country Mountain Riders Giving to the Horses

BY LYNNE ORLOFF

Snowy River Dandy, a white miniature horse, along with Jack and Jenny, two miniature donkeys, are the recipients of a five hundred dollar gift for their support from the Country Mountain Riders. In May of this year, several fund raisers allowed buildings and supplies to be purchased for the addition of these wonderful therapy animals to Tuolumne Trails. Paul and Kym Purifoy kept these equine animals on their “Ponderosa” until the animals’ new facilities could be built and their caregiver trained to handle them. Today, Paul, along with Jim Soderberg and Dorothy Scofield, our CMR President, delivered the check from Country Mountain Riders to Jerry and Paula Baker. Dorothy and Jerry are shown feeding the friendly and eager animals a treat.

Tuolumne Trails is a fantastic camp experience for children with special needs. Lately, it was visited and experienced by wounded warriors with their therapy dogs. It is the

dream of Jerry and Paula Baker, who have had full support from the locals to bring this dream to a very special audience. Therapy horses have been used very successfully for many years. If you are looking for somewhere to donate funds to help a great program and the animals that help that program, you need not look far. You can donate to The Jerry and Paula Baker Foundation, a 501 (c)(3) organization, 12930 Boitano Ct., Groveland, CA. You can call Jerry or Paula at (209) 962-7916. This organization survives only on donations and volunteers.

Hello Groveland Community!!

BY RYAN DUTTON – TIOGA HIGH SCHOOL LANDSCAPING TEACHER

Tioga High School would like to offer you the opportunity to get involved and help turn our school landscape into something we can all be proud of! The 2012-13 school year has begun with a new course offering at Tioga, Landscaping. We have made the decision to let the kids and community work together to makeover the high school campus and instill a little bit of T-Wolf pride into the physical appearance of our school site! This is where your assistance can make a huge difference! We obviously will need a bunch of supplies, tools, and items to plant and grow on our campus to turn it into a site more easy on the eye! The kids would love your generous donations to help us get started from day one. We are looking at a couple of large projects for the school year along with setting future goals. The school is more than willing to accept donations of:

- Gardening tools & supplies (Just about anything!)
- Landscape bricks, blocks, and wood

- Planters for flowers, bushes, and trees of all sizes (Pots, barrels, hanging, etc.)
- Seeds (Flowers, bushes, trees, vegetables, ground covers)
- Plants, flowers, and trees already in pots or ground that you no longer want
- Groundcovers
- Wooden Fencing
- Indoor seed growing supplies
- Landscaping chips and mulch
- Wood that could be used for an arbor project (2 x 4 and larger)

Any other useful supplies that you feel we could use for our landscape class, don't hesitate to contact us!

If you are not able to transport any items to the school, we are happy to pick up! Contact Ryan Dutton at rdutton14@gmail.com for items you have to donate! You can also call the school office to set up a drop off of items at Tioga, 962-4763. We can't thank you enough for your support and participation in making our campus "One to talk about"!!

Groveland Highlander's 4-H Club

BY CAROL WILLMON

As the 2011-2012 4-H year comes to a close, and as we begin another year, we would like to thank the many volunteers and parents who have helped so many members "learn by doing" (4-H Motto).

A BIG thank you goes to: Janean Amos, leader – poultry; Jodi McKinnon, leader – rabbits; Rachael Fristad, assistant leader – poultry and rabbits; volunteers Pete Steinmetz and Wynette Hilton – rockets; and Susan Fisher, Kay Ayres, and Dea Thomas – Home Arts.

Many members had successful exhibits at the Calaveras Country Fair and the Mother Lode Fair, thanks to dedicated parents. Our club participated in many local services this past year – made cookies for the Little House, made decorations for the Groveland Community Thanksgiving Dinner, donated boxes of stuffing for the Community Christmas Baskets, donated food for the local Food Closet, donated baby items for the IMVO project, volunteered at the Tuolumne

Trails Kid's Camp, and helped serve at two Lion's Club dinners. We appreciate the money the Lion's Club donates to us – it helps us be able to give back to our community!

Our next meeting will be the second Tuesday, October 9th, at Tenaya School from 6:30 to 7:30 PM. All boys and girls between the ages of 9 to 18 are welcome.

4-H is run by the Tuolumne County Cooperative Extension Office through the guidelines of University of California, with the assistance of local volunteers and community organizations. This program enables youth to reach their fullest potential through developing their leadership, citizenship, self-confidence, responsibility, and life skills.

We are looking for adults who are interested in sharing a hobby or special talents with our youth in this educational program. Please call Carol Willmon at 962-7528.

Tenaya Student of the Month

Mrs. Palmer has picked James Biehle as Tenaya's Student of the Month. She says, "James is off to a fantastic start this year. He works hard and listens well. I can count on James to be a leader and to help other students. The best thing about James is he has a kind heart!"

James Biehle

Tioga Student of the Month

Senior Brianna Deckard, daughter of Gary and Ivonne Deckard of Groveland, is a student leader at Tioga High School and currently ranked in the top two of her graduating class. She is an active participant in Student Council, S Club, and a member of the volleyball and softball teams. In previous years, Brianna has also been a member of the girls' basketball team.

Brianna Deckard

She has been a volleyball captain since her junior year. Her experience and effort throughout her four years has made her a role model for underclassmen participating on athletic teams. She has been awarded "All-Conference" honors for her athletic achievement. Her wonderful smile and sense of humor make her a favorite of her classmates and teammates.

Brianna hopes to enter the field of

medicine and is preparing for her role as a physician. She hopes to attend UC-Irvine or another prestigious medical school following graduation from Tioga High School.

A STCHS THANK YOU

BY PEGGY ANDREWS

A big STCHS thank you to the ladies who donated baked goods for the STCHS Labor Day BBQ. The sale was a success due to your efforts.

BIRD WALK

The first Wednesday of every month Jeanne Ridgley will lead a birding walk at the Groveland Community Services property at 18966 Ferretti Road, Groveland. The next walk will be on October 3. The property encompasses an area of more than 200 acres of oak, pine and willow habitat with three water storage ponds. 131 species of birds have been seen there since November of 2007

Jeanne will meet the group in the GCSD parking lot at 8:00 AM. Bring binoculars and a birding field guide if you have one. Rain will cancel the trip. The walk will last about two-three hours. If you have any questions, call Jeanne at 962-7598.

Helping Hands Happenings

BY JOYCE SMITH

Record Breaking events happening: heat wave, days and days of 100+ degree weather; record breaking drop-offs (this is a good thing); and record breaking sales (another good thing). Thanks to all of you for coming in and bringing your visitors. Plus, we have so many tourist from all over who have found us. How do the tourist know about us? Our web page. Any way it has been a very busy time for the Store and Barn. Linda Flores, HH President, sends special thanks to all our volunteers for their help in pitching in so diligently, and some coming in extra hours, to keep up with all the incoming donations.

October 12th and 13th (Friday and Saturday) is when we have our Fall Giveaway at the Community Hall. We also go back to our 3:00 closing time, but the exact date had not been decided when my article went to the paper. You can check our web page at www.helpinghandsofgroveland.com for more information on date of the 3:00 closing.

We are saying goodbye to some of our volunteers. Margie Barnhart and her husband John are leaving the area. Nola Nunes has resigned due to other obligations, and Larry Woodruff to take care of 'whatever'. We will miss all of these dear people, although we will continue to see Nola and Larry around. Plus, it's time for our summer people to leave

soon and go to Arizona or Hawaii for the winter. We wish each of you well and look forward to seeing you back again next year. We are like one big family (all 80 of us). We care about one another. We celebrate the good times and show concern for the difficult times. My husband Joe and I celebrated our 60th Wedding Anniversary on August 31st. We are both very proud of this event. We celebrated the wedding of Cliff and Mary Beckwith on August 19th. We are looking forward to Mary and Eldon Bruha and Valerie Napier returning after health concerns.

Did you see the 49er Parade? We had a good time decorating our float (almost like high school again) and waving at our customers along the way. It was a good day for Groveland.

Dar Brown, our Support Our Troops Chair reports that since Jan 1st, we have shipped 172 boxes. Here is an excerpt from a letter thanking us for sending packages. "My soldiers and I greatly appreciate your dedicating your time and resources sending packages to us. I also enjoyed reading about your town and your pictures definitely reminded us what we are fighting for". It really makes us feel good about our work. Thanks Dar for doing this huge task .

See you at the Store or Barn.

Women's Opportunity Awards

BY LUCI TYNDALL

The Groveland Soroptimists are seeking applicants for Women's Opportunity Awards. Recipients receive cash grants for educational expenses

What is the Women's Opportunity Award? It's a Soroptimist program which provides cash grants for educational expenses to women who serve as the primary wage earner for their families. The award can be used for tuition, books, childcare, carfare, or any other education related expense. Soroptimist of Groveland will provide a \$2,000 cash grant to its award recipient. The Groveland recipient will then advance to the regional level where one recipient will receive \$5,000 from Soroptimist Sierra Pacific. The regional recipient will then qualify for the final round and an additional opportunity that culminates with three finalists who will each receive a \$10,000 award from Soroptimist International of

the Americas.

If you think you qualify or know someone who may qualify, pick up an application at the Groveland Library, Columbia Community College, or contact Luci Tyndall at 962-0971. Completed applications must be returned to Soroptimist International of Groveland, P.O. Box 824, Groveland, CA 95321 no later than December 1, 2012.

Soroptimist International of Groveland is a volunteer organization for business and professional women dedicated to improving the lives of women and girls in local communities and throughout the world. Since its foundation in 2000, the Groveland club has funded 11 Women of Opportunity awards totaling more than \$20,000. For more information about how Soroptimist improves the lives of women and girls, contact Bonnie Phillips, S.I. Groveland President, at 962-4760.

Wheels*

BY ALEX WYLIE

Beginning in early November, The Little House will begin to roll out a transportation program for seniors in our community. We are calling the program Wheels*

Wheels* is intended to provide transportation for those seniors who are 60 and over and are unable to drive and, because they do not live close to family, find themselves unable to participate in the normal day-to-day activities in Groveland.

This program, which has been under development for many months and planned by volunteers from local organizations and churches, will provide round trip transportation to clients from their homes to destinations in Groveland.

Clients of the program may arrange to be picked up from their homes and driven to the Doctor's Office, their Bank, Post Office, Library or go shopping etc.

There is no charge made to clients of the program though donations are accepted.

There is no obligation to donate!

Initially, the program will be limited to destinations in Groveland and will operate Monday thru Thursday 9.00 am – 5.00 pm but in the second phase of Wheels*, which will probably begin early in 2013, we plan to expand the service to the Sonora area.

If you feel that you might be a senior who could benefit by being a member of this program and want to sign up, or you know someone who may need this service, please call The Little House at 209-962-7303 and leave a message on our machine or e-mail wheels@thelittlehouse.org.

If you would like to volunteer as a driver for Wheels* or would prefer to join our scheduler team please call Alex Wylie at 209-962-4697 or e-mail wyliea@sbcglobal.net

We plan to build community awareness for the Wings* program during the coming weeks and we would appreciate everyone "talking up" the service and spreading the word.

STCHS October Program BASEY ON MOUNTAIN LIONS

On October 20, 2012, 7:00 p.m. at Groveland Community Hall STCHS will present Harold Basey, discussing mountain lions.

Harold received his Master's Degree in the study of mammals of the Sierra Nevada, continuing his interest inherited from his father a State Mountain Lion Hunter and his grandfather who told him stories about mountain lions. More recently, Harold's son was hired by the U. S. Forest Service to study the movement of Mountain Lions that had radio collars attached to them.

Harold in years past worked for the National Park Service as a ranger naturalist in Sequoia Nation Park. His interest and love of this area earned him the title "Mr. Sierra Nevada". He was the first Director of our museum. In the past he has delighted audiences with programs on big horn sheep, deer, frogs and mountain men. Come learn about mountain lions from this extraordinary naturalist/ranger/biologist.

Donation to the Southern Tuolumne County Historical Society will be accepted at the door.

Light the Season at The Little House

BY SYDNEY AVEY

Groveland's main street will sparkle with lights in December. The entrance to Groveland is usually dark but not this year! The Little House will light an Honor Tree on Sunday, December 2, from 5 pm to 7 pm. We'll gather for hot chocolate, mulled cider and cookies, music and caroling, and a tree lighting that recognizes the special people you wish to memorialize or honor at this season that celebrates love and sacrifice.

Save the date and watch for sign-up forms that will allow you to tell us who you want to honor. You'll receive a card to send to the person or family you are remembering. Then join us for Light the Season as we illuminate one of the trees on Merrell Road visible to all who pass by. A minimal donation will put a light on the tree. The event is free. We'll have more details for you in November.

The Soroptimist Scene

BY BARBARA ELLIOTT

Our mission: improving the lives of women and girls in local communities and throughout the world.

***** Bulletin*****

You don't want to miss the annual Winter Tea. The Tea is November 27, 2012. This event is so much fun. All the ladies in the room glow with glamour, all the tables glow with glamour, and even the Lake Lodge looks glamorous (imagine that!). Dori's Tea Cottage will be providing delicious selections of tea and sandwiches. There will be lots of auction items to get you in the shopping mood. Most of the items are hand crafted. Relax from the hectic, Thanksgiving preparations and let the atmosphere at the Winter Tea sooth you. You can get a head start on your holiday shopping – and continue to relax. In addition with providing a delightful afternoon, your support will help with services you can read about below:

Let's start with SIG's mission ... "throughout the world". We had guest speakers Jan and Bob Hatmaker at one of our August meetings. In recent years, the Hatmakers have been visiting us annually to provide an update on the projects in the village of Zacualpa, Guatemala. Bob even made our experience more enjoyable with videos of the girls who have been receiving sponsorship from SIG and SIG members. Most appealing to us is seeing the smiling faces of girls we come to consider our extended family. We get to see and hear from young girls who get schooling support from SIG; it is so nice to see the girls growing, hear reports on their studies, and hear about the career choices of some of the older girls.

Here it is nearly time to set out the carved pumpkins, witches and spider webs. That means that in this article next month we will have a report on B.E.S.T. Day, an event dedicated to 7th and 8th grade girls attending Tenaya Elementary School, which will take place at the Lake Lodge. There is

a committee working on decorations and program material. This is possibly the most joyful, service event on our calendar. That energized activity of those young girls is wonderful thing to behold. (Another service brought to you by SIG members and the funding from the Autumn Tea.)

Another SIG event that has happened by the time you read this (but not as this article is written) is the 49er parade. All the members who participated in the parade appreciate your cheering and your recognition of our role in the community. Did you keep track of the ladies who sprinted from marching in one group, then back to march with SIG?

Sierra Repertory Theater provided a special tour to many of our members and guests. We have all been to many of the theater performances, but this visit was entirely behind the scenes ... behind the stage, behind the lights, behind the costume design, behind the shop for set design. And the storage room – my goodness how do they ever find anything?!

SIG members go on shopping spree! Well, normally that is not news, but this "spree" was in conjunction with the Kiwanis "Back to School" shopping for youngsters in the community. SIG members are so involved with the community needs – especially for the kids.

A luncheon was held for you ladies who have an interest in our community service, but who want to get to know Soroptimist members. Sure hope you were there!

If you were unable to attend the membership luncheon, and YOU have an interest in helping your community and having a really great time, call Bonnie Phillips at 962-4760.

Kiwanis Coat Give Away

BY ERMA HOLCOMB

The Kiwanis Coat Give Away will be held October 12 and 13th, 2012. Look for our racks outside the Foothill Community Church, directly across from the Community Hall. If you need a coat for yourself or children, be sure to stop by and see if we have one to fit. We have been collecting donations all year of clean, in good condition coats. We will be there Friday, the 12th from 10:00 a.m. to 4 p.m. and Sat. the 13th from 10:00 a.m. to 3:00 p.m..

HICAP REMINDER

HICAP (Medicare Part D) appointments are available at The Little House.

Don't forget to make your appointment to review changes to Medicare Part D. Remember, it's free. It's convenient. But spaces fill up quickly, so call now to save your spot. Contact Area 12 Agency on Aging at (209) 532-6272. Appointments will be available on Fridays starting October 19th through November 30th.

Bill Manville Offers Writing Class at Groveland Library

The published author and columnist Bill Manville has once again agreed to teach his popular and *free* Writing to Get Published class at the Groveland Branch of Tuolumne County Library. Bill's writing classes will run for six Saturdays starting October 13, 2012 through November 17, 2012. Classes begin at 2:00 PM and end at 3:30 PM.

Here is what Michael Korda, Editor in Chief, Simon & Schuster, says about Bill:

"...the work I know best is your novel Goodbye, which I edited. What first attracted me was the dazzling prose; I was equally impressed by plot and characterization. A considerable literary accomplishment but also a Book of the Month choice, bringing an impressive price at paperback auction. What may also interest your students, I've heard you in discussion with writers like Joe

Heller, Patricia Bosworth, Lois Gould and Gay Talese, and remember thinking more than once, Bill ought to be teaching..."

This free class is open to students of all ages and participants do not need to attend all of the classes. The only requirement is a desire to learn how to write. Sign up at the library or phone 962-6144.

Bill is asking that participants email him at wmanville@yahoo.com when they register at the library so that he can get to know his writers before the first class. So sign up at the Groveland Branch, and let's get started.

Great Summer at Camp Tuolumne Trails

BY VIRGINIA GUSTAFSON

Things were hopping at camp all summer. Hopping, swimming, fishing, hiking, making arts and crafts – you name it. Hundreds of campers with special needs enjoyed the special fun of Camp Tuolumne Trails.

In July, the Cerebral Palsy Family Camp from the Bay Area returned for their fourth consecutive year. They were followed by the Justin Woods Foundation which services young adults with muscular dystrophy in the Madera-Fresno area. Next came Avalon Group Homes in the East Bay; they take care of children with autism.

The Muscular Dystrophy Association Adult Retreat enjoyed a special time together and planted a tree in memory of one of their members. The Spinal Muscular Atrophy Family Camp followed, along with two groups of developmentally disabled young adults sponsored by the Recreation Sports Club in Stockton.

The summer wrapped up with a special group of wounded veterans and their service dogs from Operation Freedom Paws in Morgan Hill. A film

Disabled Navy vet Misty and her service dog Max enjoy a ride on Pine Mountain Lake.

crew from one of their sponsors documented their special weekend, including rides on Pine Mountain Lake; thanks to Friends of the Lake for their help.

We'll be busy in the fall too, with school, college and church groups joining the special needs groups for camp visits.

We currently have openings for a cook/camp worker. It's a part-time paid job now, but could easily be full-time next summer. Call camp director John Infelise at 962-7534 for more information.

FREE! FREE! FREE! FALL Give-Away Coming This Month

BY PATTI BEAULIEU

Helping Hands Thrift Store will, once again, be having it's twice yearly give-away on Friday and Saturday, October 12th and 13th. This is the time when we clear the store of summer clothing, shoes, household items, purses and linens that are out of season or have been in our inventory for a while. We also will have tables of overstocked merchandise for all seasons.

We open the doors to the Groveland Community Hall from 10 a.m. – 4 p.m. on both days and allow all who enter to take black bags and fill them with as much as they want. We clear the way

for fall and winter items to fill the store and allow the community to 'stock up' on last season's clothing and what ever else is available. This time we expect to have some books, records, VHS tapes, luggage, home décor items, housewares, linens, purses and much more, in addition to the clothing and shoes.

Mark your calendars and be sure to come and get what ever you and your family can use in the coming months. We ask that it be for your personal use, and not used for resale.

It's our way of thanking the community for supporting us all year long.

Wine & Cheese Pairing Event

FIRST IN A SERIES OF EVENTS AT DORI'S

BY DORI JONES

Join us on Friday, October 26, 7:30 - 9:30 p.m., for an enjoyable evening of sampling our new artisan cheese selection with our special guest, Judy Creighton, a Bay Area cheese expert who is also known as The Calaveras Cheese Lady. We'll be introducing creations from local cheesemakers as well as international favorites – just in time for holiday entertaining. Each cheese will be paired with wines from our favorite local wineries: Lavender Ridge Vineyard of Murphys and Coppermine of Vallecito.

Judy is a Certified Cheese Professional, one of only 120 in the world, who will talk about the background and flavors of these amazing cheeses. She teaches at Cheese School of San Francisco and serves on the board of the California Artisan Cheese Guild. She also is the cheesemonger at the Lavender Ridge Cheese Market, and writes a monthly cheese column in the Sierra Lodestar. Judy and her husband, Charlie, owned cheese and wine shops in San Francisco for many years and have extraordinary knowledge to bring to this event.

Charlie works in the tasting room at Lavender Ridge where cheeses and wines are paired and served at the counter every day. At our cheese event,

he will discuss the wines and how they pair with the cheeses.

Don't miss out on this special evening. Space is limited, so reservations are required. \$20 per person, pre-paid in advance. For more information or to reserve your space, call 962-5300.

Healthy Habits from Pine Mountain Therapy

BY JULIE TANAKA

This month's healthy habit is to be an advocate for your own health care. Groveland residents are great advocates! That's what got us up here in the first place. We were contacted by the Groveland Health Advisory Committee when the county planned to close the clinic, and the rest is history, well 3 and a half years of history.

Medicare has thrown us some curve balls this year, resulting in the clinic having to close a few days a month and re-structure our operating systems. The kinks have been ironed out and we now have a consistent schedule to provide physical therapy services on the hill. October 2012 brings a new congress initiated hurdle concerning the limit in the amount of treatment Medicare will pay for. (For more information on the Medicare Outpatient Therapy Cap go to www.palmettogba.com or our web site www.pinemountaintherapy.com)

What you will see are a few more forms to be filled out and questions to be answered. We will be doing the behind the scenes work to do our best to get your treatment covered. We will also be utilizing our Supervised Maintenance Program to stretch your benefit dollars.

Also, know that it is your right to have treatment where you want. Groveland has had a physical therapy clinic for 20 years but there are doctors who don't know that our little town has a fully accredited, full service physical therapy clinic. If your doctor is not familiar with us we are happy to

fax them a referral form and provide any information they may need.

Your job is to know your rights and our job is to see that you get the treatment you require so you can maintain those "healthy habits".

The Bully – Part 1

BY ETTY GARBER, PHD, MFT

We have all heard people say, “Kids can be very cruel.” And they are right. Kids have a way of trying to fit in with the accepted individuals or groups they associate with. This may give them a feeling of inclusion, protection and being special. Little thought is given to how the person feels who is being discriminated against and is deliberately excluded. They’re just glad it isn’t them who are being singled out.

But that doesn’t guarantee that the tables won’t turn on them and they find themselves in that very situation; and sometimes it does.

Cliques are most prevalent in the middle school and high school., although it has begun to show up in elementary school, but not to the extent as with the older kids.

Bullying has gone high tech nowadays. With the internet, Facebook, twitter and blogs, kids are being harassed, destroyed and made to feel they have no hope for a normal life. It has gotten so menacing that suicide has become a solution to end the misery and pain they live with often for months or years.

The judgment part of the brain of human beings doesn’t develop until the person is around 25 years old. When kids behave in an irresponsible way they are not using their brains, but their feelings of insecurity. They are often children who are angry and unhappy and express themselves by hurting others. This gives them a false sense of control and power. It is an indication that they feel they have no power or control in their own lives. Sometimes it is due to an unstable home life, parent neglect, over protection or even overbearing older siblings. Some bullies’ behavior can be very deceptive. They may be very cooperative in some situations, like in the classroom or in front of some adults. However, when they are in a less supervised situation, like at school recess or on the playground, their desire to be in charge emerges. The older

they get and the longer they get away with unacceptable behavior, the more insidious and dangerous they can become. They show no empathy for their victims or remorse for their actions.

Bullies may not really have anything against the person they pick on. They usually choose someone they think is vulnerable and an easy target. They may react to some minor slight from someone and take it as a major personal insult. Revenge, a personal vendetta, a way to get even with someone they feel deserves punishment is a viable excuse and justification for the negative actions they take. In some circumstances the bully doesn’t really know why he/she has picked on that particular person. As one child told me, “I was so angry I hit the first kid I saw. I didn’t even know him.”

If you have or know of a child who bullies, take the time to listen to them and give them some positive attention. They are hurting, too. As mentioned, there are reasons and hurt feelings behind their behavior. Sometimes it is necessary to have a medical professional involved to rule out a biological cause. It isn’t Nature verses Nurture. It is Nature AND Nurture that work together to develop who we are.

It is universal for all human beings, young and old, no matter race, creed or religion, sex or gender orientation, to want to be loved and respected. When someone doesn’t feel like they are getting these vital human qualities they will do almost anything to fill that gap even if it is negative or hurtful to others which eventually turns on themselves.

This behavior is often detectable very early in a child’s life. It is a red flag that tells us that positive action must be taken within a reasonable amount of time. If nothing is done to prevent or treat the child bully he/she becomes the adult bully and that can lead to much heartache to many.

We all want our children to live a happy and productive life. To cite an old proverb, “Prevention is worth a pound of cure.”

RECIPE OF THE MONTH

Chicago-Style Deep Dish Pizza

RECIPE BY TOM KNOTH AND PAULA MARTELL

DOUGH

- 1 package Active Dry Yeast
- 1 1/3 Cups Water, warmed to 100 -110 degrees F
- 1 tsp Sugar
- 3 1/2 Cups All-Purpose Flour (King Arthur brand is the best)
- 1/2 Cup Durum Wheat Semolina Flour (can substitute Yellow Cornmeal)
- 1/2 Cup Canola Oil
- 1 tsp Salt

SAUCE

- 2/3 of a 28 oz can 6 IN 1 brand Crushed Tomatoes (we use about 2/3 of the 28 oz)
- 1 Tbsp Italian Herbs/Seasonings (fresh or dried)
- 2 Tbsp Parmesan cheese
- 1 Clove Garlic, pressed or finely minced (optional)

TOPPINGS

- 1 lb Sliced Mozzarella and Provolone Cheese
- 1 lb Sweet Italian Sausage, or toppings of choice

Ingredients are for one 15-inch deep dish pizza. Dough should be made the day before using.

In a mixing bowl, add the warm water, sugar, yeast; mix and let stand for 10 minutes. Add flour, cornmeal, and salt. Mix on low speed for a couple of minutes until dough comes together, then slowly add the oil. Continue to mix dough for 7 more minutes. The dough should be somewhat wet and smooth, but not sticky. The dough should weigh about 2 pounds. Form the dough into a ball and place in a bowl. Loosely cover with plastic wrap and then a dish towel and place in a warm place (such as on top of refrigerator or on a rack over a bowl of hot water). Punch down dough after 1 hour and do this again after 1 hour. After 3 hours, punch down dough once more and place dough in the refrigerator for an overnight rise. Take the dough out of the refrigerator about one hour prior to making the pizza. Set the bottom oven rack to the lowest position in the oven and preheat the oven to 475°F for at least 30 minutes prior to baking.

Coat the bottom of a well seasoned 15-inch deep dish pan with canola oil or regular olive oil (do not use extra virgin).

You can alternatively use a cast iron skillet of equal diameter; we have also made smaller pizzas by splitting the dough between two 10” Cast iron skillets. Place the dough ball in the center of the pan and press it out until it covers the entire bottom. Then, using your fingers, pull the dough up the side of the pan. The edge should be pinched up against the side of the pan. If the dough resists holding shape, cover with a towel and let rest for 15 to 20 minutes before trying again.

Using either sliced mozzarella or a mix of sliced mozzarella and provolone, cover the bottom of the dough generously with cheese. You can use one and/or two layers of each, depending on your desired life span. Toppings are up to your individual preference. Sweet Italian sausage is very popular in Chicago and is a traditional favorite, about 1 lb is used for a 15” pizza; you can also use link sausage (turkey or pork), remove the casings and break it up, and distribute over cheese.

Top with 6 IN 1 brand crushed tomatoes that have been drained (we only use about 2/3 of the 28 oz can, after drained). Use your hands if necessary to spread out the tomatoes. Finish by topping with Italian herbs/seasonings (chopped fresh basil and dried oregano flakes are favorites), crushed garlic, if desired, and finally with freshly grated parmesan cheese.

Turn oven down to 450 F. Place pizza in the center on the bottom rack of the oven and cook for 20 to 25 minutes, turning once half way through. If you have a probe thermometer, you can check for a minimum temperature of 160 F in the middle of the pizza. When done, remove from the oven and let cool for about 3 minutes. Remove from pan to cutting board, slice and serve.

Note: Tom and Paula will be serving this recipe at the ROOFBB’s Monday Night Football at PML Country Club on Nov 19th (Chicago Bears vs. San Francisco 49ers!)

Pine Cone Singers' Christmas Wishes & Holiday Dreams!

BY LINELLE MARSHALL

Groveland area residents and visitors will be in for a real treat on December 13th, 14th, 15th and 16th when the Pine Cone Singers, directed by Dennis Brown, present this year's holiday concert, "Christmas Wishes, Holiday Dreams." Conductor Brown has selected a wide range of seasonal favorites, nostalgic holiday tunes and beautiful sacred pieces that evoke the mystical spirituality of the Christmas, Hanukah and Kwaanza season. The poignantly beautiful "Grown-Up Christmas List", made popular by Amy Grant and Kelly Clarkson, has a universal message for us all. Of course, there will be some foot-stompin' spirituals, and a few humorous takes on holiday traditions, too. How about "The Twelve Days AFTER Christmas" for an unusual perspective of gifts for a loved one? Can you remember being a child trying to wait for Santa Claus to arrive? "Zat you, Santa Claus?" is a fun bebop song that will bring back childhood

memories. One of the highlights of Pine Cone Singers performances has been our guest jazz instrumentalists who will also entertain the audience during intermission. As always, there will also be featured solos and ensemble pieces by members of the chorus – the Groveland area is so blessed to have wonderfully talented residents. And due to popular demand, there will be several sing-alongs of favorite carols!

So mark your calendars NOW for the very popular December concert series – we've expanded the number of concerts to four: Thursday and Friday at 7:30 PM, Saturday and Sunday matinees at 2:00 PM. We encourage you to bring children (admission is FREE for 12 years and younger) so they can share in the joy of music, too. Join us at Groveland's Evangelical Free Church to celebrate the holiday season and the gift of music! For more information, please contact Shirley Brasesco at 209-962-4815.

Helping Hands 'Support Our Troops' Program Launches "Make It Home For Christmas" Campaign

BY DAR BROWN, PROGRAM CHAIR

Tens of thousands of our active military will not make it home for Christmas, but will spend the holiday season fighting for those of us back home. To try and ease the stress for soldiers being separated from their families, the Helping Hands Support Our Troops program is launching "Make It Home For Christmas" – a campaign to gather care package items to mail for our soldiers to show we care and to try and make tents and cabins feel a little more like home, such as:

- Small Christmas decorations to hang in tents & cabins
- Snacks, Chewing Gum & Candy
- Canned Foods – tuna, meat, fruit, etc.
- Granola bars & Nuts
- Games & Puzzles

- Top Ramen & Cup of Noodles
- Beef Jerky
- Drink Mix
- DVD's

One of the most-appreciated items is a personal note, so a simple Christmas card with a message of support would be wonderful.

Items may be dropped to my attention at Helping Hands or I will be happy to pick your donation up. If you would prefer to donate cash, I am very happy to be your personal shopper. Please call 5930 or email dar_pml@hotmail.com to make a donation or for questions.

Footnote: The 'Support Our Troops' program has mailed over 200 boxes in 2012!

Friends of the Groveland Library

WORKOUTS AT THE LIBRARY

Bending, squatting, kneeling, stooping, stretching, lifting, pushing and occasional crawling: it's called "shelving" ...at the library.

When you search for books, magazines, videos, CDs, DVDs – and you find them with ease, it is because (in addition to our fine librarians) there is a small army of volunteers who place them there. After you slide your books into the drop bin or return them with a thump on the counter, their work begins.

Returning all of these things to their rightful spots is not always physically or cognitively easy! So, much hearty appreciation goes to Diane

Harrison, Shelves Coordinator, and her energetic crew: Belinda McBride, Marilyn Hathaway, Jan Sloan, Jeanne Ridgley, Shanley Hixenbaugh, Sharon Kenyon, Kathy Brown, Judy Miller, Harriet Codeglia, Barbara Fletcher, Joan Mosby, Wayne Steir, Priscilla Park, Emily VanVleet, Marie Dean and a whole host of substitutes.

If you would like to sign up for a workout...or other volunteer activities, just let us know. The Friends of the Library meet every 4th Tuesday at 2:00 downstairs at the library. We encourage visitors and welcome new members. For further information please contact President Virginia Gustafson at 962-6338 or email: v_@yahoo.com.

Christmas Craft Faire

BY SANDY SMITH

The Holiday Season is really upon us already and so much is happening in Groveland. Remember to set aside the Friday and Saturday after Thanksgiving for the Christmas Craft Faire. This year there is a new addition, The Pine Needlers Quilt Guild will be having a Christmas Boutique. Put the 23rd and

24th of November on your calendar, bring your family and come on down and enjoy!

Photos with Santa this year is still up in the air due to the change in the fire department status. However we are working on it and hopefully Santa will be able to come and visit us.

From Your Tuolumne County District Supervisor

JOHN GRAY, TUOLUMNE COUNTY 4TH DISTRICT SUPERVISOR

As you may recall from previous articles, the Board of Supervisors adopts goal each year that set the stage for projects to be worked on by County staff. One of this year's goals is to continue to work on policies and ordinances to streamline the development process. With the help of Community Resource Director Bev Shane I offer you the following updates on some of these projects.

One of the subjects in progress right now is "The Biological Resource Guide (BRRG)" a comprehensive update the Tuolumne County Wildlife Handbook which was adopted by the Board of Supervisors in 1987. The BRRG provides an optional program designed to assist property owners and County staff in evaluating impacts to plants, wildlife and habitat and allow the development of fair, consistent mitigation measures to address the impacts that result from land development in Tuolumne County. These mitigation measures apply to land development projects that require a discretionary entitlement for Tuolumne County subject to review under the California Environmental Quality Act. (CEQA).

The BRRG is an optional program. Applicants subject to CEQA have the option to use the mitigation measures provided in the BRRG or to contract with a qualified resource professional that is approved by the County to develop alternative proposals relative to the potential impact. Resource professionals may include botanists, ecologist, wildlife biologist, zoologists and foresters.

The status of the BRRG is that in 2011, the Board of Supervisors appointed an Ad Hoc Committee to review and edit the Draft BRRG. The Committee completed the review on November 17, 2011. On January 17, 2012, the Board of Supervisors reviewed the modified BRRG that had been endorsed by the Ad Hoc Committee and referred it to the California Department of Fish and Game, US Wildlife Service, and Army Corps of Engineers for concurrence with the proposed biological resource mitigation program. The Board also released the modified BRRG for public review and comment. The public review period closed on March 9 2012. The Community Resources Agency received several written comments from interested groups and individuals and from the Army Corps of Engineers and the US Fish and Wildlife Service. The Department of Fish and Game did not respond by the requested deadline.

In order to streamline the CEQA review process, the Department of Fish and Game (DFG) must concur with the mitigation program established in the BRRG. In July 2012, Mike Laird met with biologists at the DFG office in Fresno. Staff walked the biologists through the BRRG and explained its contents. At the conclusion of the meeting, DFG Staff committed to completing their review of the BRRG by the end of September.

After devoting several months of discussing changes to the Agricultural Resources Element, the Agricultural Advisory Committee completed its review in April. The changes to the Element endorsed by the Ag Committee include updating the Agricultural Rating System matrix which has been criticized over the years as being too restrictive and as classifying "all" ag land in Tuolumne County as being "High Value". The updated Element also includes a new goal and associated policies and programs related to agri-tourism.

During its meeting this summer, the Ag Committee reviewed changes to the agricultural zoning districts to address agritourism. The changes include converting some uses from conditional to permitted and adding many new uses, such as farms stays, agricultural by-product processing, agricultural product marketing facilities and commercial events (weddings, etc.). The Committee has also reviewed proposed parameters on commercial events as permitted uses, such the number of events, the number of people at events, parking, fire protection, noise, restroom facilities and service of food and alcohol. A Conditional Use Permit could be obtained to allow events that do not comply within the parameters established for permitted uses.

Based upon the direction from the Ag Committee, the Planning Division has completed revision to the AE-37, AE-20, A-10: AP, RE-10, RE-5, RE-3, RE-2, and RE-1 zoning districts. Staff has also drafted proposed regulations for the proposed AE-80 and AE-160 districts as previously directed by the Ag Committee. Amendments to various definitions in Chapter 17.04 of the County Ordinance Code and a new Section 17.52.220 to address commercial events have also been prepared.

The Ag Committee will review all of these proposed changes to the zoning ordinance at its meeting on September 20th. Chair Nathan Rosasco has vowed that the committee will complete its

review at that meeting.

In March 2008, the Board of Supervisors adopted the Inclusionary Housing Ordinance (IO). The current ordinance mandates that new residential development contribute to affordable housing. The ordinance requires developers of residential developments with five or more single-family dwellings to either:

- Provide 10 percent of the units constructed at affordable prices,
- OR
- Pay an In-Lieu Fee that will be deposited in the County's Affordable Housing Trust Fund,
- OR
- Implement other alternatives approved by the County.

The proposed Inclusionary Housing Ordinance is voluntary and provides an expanded array of incentives to a developer that agrees to:

- Provide 10% of the units at affordable rates,
- OR
- Pay and In-Lieu Fee for all market rate units in the development,
- OR
- Provide alternatives that will result in affordable units or funds for the County Affordable Housing Trust Fund or a combination of affordable units and In-Lieu Fees.

Developers that create housing projects without requesting exceptions form the County's development regulations or without requesting the standard incentives need not construct or contribute to affordable housing. If exceptions to the County's development regulations are requested, the project would have to comply with the Inclusionary Ordinance. A project

that complies with the Inclusionary Ordinance could utilize any or all of the incentives. The incentives include, but are not limited to, reduced parcel sizes, reduced building setbacks, reduced parking requirements, reduced road standards, expedited application processing, and waivers of fees.

Under the proposed ordinance, the In-Lieu Fee would remain at 0.25% if the County median sales price until December 31, 2016.

As you know, voters in the Groveland Community Service District "sphere of influence" did not vote to continue the fire assessment. Several meetings have been held with GCSD Staff, County Staff, Cal Fire and me to come up with options to provide full time fire protection using the funds that GCSD has available. In order for this to happen, the Board of Supervisors will have to agree to allow the GCSD to be a partner under the present contract that the County has with Cal Fire. This concept has my support. As I see it, this is the only way to continue to provide adequate fire protection. It would be impossible to have a Cal Fire Schedule A program in Groveland without County help. There are not enough funds available in the current tax structure to completely fund a "stand alone" Schedule A Contract.

The Board of Supervisors will take this under consideration and act upon the Partnership Agreement in Late September or early October.

As always, I welcome your comments and invite you to contact me. If needed, I can meet with you in Groveland or Don Pedro "by appointment".

You may contact me by calling (209) 533-5521 or email me at: jgray@co.tuolumne.ca.us

How To Take Long Exposure Photographs

BY EDDIE PAVLU • WWW.GROVELANDASTRO.COM

Taking long exposure nighttime photographs can add a whole new dimension to your photographic tool box. Most of the articles that I've written in the PML Newsletter over the past 5 years have been about the nighttime sky. For example, when photographing stars, you can either get a star "field," a static snapshot of the stars as points of light, or star "trails," where the stars' movements streak

across the sky. Stars can form streaks across a photograph if the camera does not track the movement of the sky. How long you expose the image and whether or not you track the movement of the sky determines how stars appear in the photograph. This same technique of taking long exposure photographs can be used to bring out many other photography details usually lost due to low light conditions.

A camera capable of taking a long exposure is required. Most digital cameras will allow 30 second exposures without the use of a cable release or some other form of timer to control how long the camera shutter is open. It's amazing how much detail can be captured with a 30

second exposure using a digital camera. Camera sensors act like a bucket that collects photons (light) - the longer the exposure, the more light (color and details) that is captured and displayed in the photograph. These digital sensors can capture light far too faint for your eyes to see. A long exposure during a full moon can even resemble a photograph taken in daylight. Even an iPhone has an app, called "AvgCamPro" that you can purchase for \$0.99 that takes multiple photographs and adds them together.

One challenge will be focusing your camera in the dark. Even the sensitive sensors in a digital camera need some amount of light to focus. There are several

techniques that I use to aid when focusing in the dark. One technique is to focus by trial and error, taking several photographs at different focus settings to determine the best setting. Another technique is to illuminate the area you want to photograph with a flashlight and then lock the focus. Or the focus distance marks on the camera lens can be used if the lens has them. Practice taking long exposures with your camera during the day to become familiar with how to do this in the dark. Remember that long exposures during the day will produce over-exposed (perhaps even completely white) photographs because of the high level of ambient light. The camera will need to be mounted on a tripod otherwise any camera movement during the exposure will blur the image.

One creative technique that I like to use during the exposure is to "paint in" details. This is very easy to do. While the camera shutter is open and the image is being exposed, just use a flashlight to "paint in" what's being photographed. Colored lights, like red or blue LED flashlights, can add an interesting change to the scene. Stepping into the frame briefly while the image is being exposed can make a person appear as a ghost, transparent against the background of the scene.

Printed with this article is an image that I

shot from inside my observatory dome. The camera was mounted on a tripod behind the telescope so the view is a wide angle composition of the observatory dome, telescope, shutter opening, and the valley lights in the distance. The bright object that the telescope is pointed towards is the moon. The moon appears so bright because of the long exposure time. This photograph was a 30 second exposure. I left the white rope lights around the base of the dome on for 1 second, the red rope lights around the base of the dome for 4 seconds, and for the remaining 25 seconds I "painted in" the dome walls and telescope with a red and then blue LED flashlight. If you look closely at the bottom right you can see my "ghost" as I reached down to turn off the white lights after the 1st second of exposure. Taking photographs like this isn't too complicated, and, with a little creativity, you can create some great visual effects. For example, you can use a laser pointer to create a design or even spell out a message on the wall during a long exposure.

Newspaper print, like the PML Newsletter, doesn't have the resolution or color range to show all the fine details in this image. Please visit my on-line astrophotography gallery at www.GrovelandAstro.com to view a higher resolution version of this photograph as well as my other astrophotography images.

Oktoberfest 2012

BY SARAH DUCKWORTH

Mark your calendars for the 5th Annual OktoberFest, this year scheduled for Saturday October 13 at Big Creek Meadow Ranch on Smith Station Road just east of Groveland, CA, from 11am to 6pm.

Again this year, local service clubs, businesses and school projects will all benefit from this German-style harvest festival. OktoberFest has been growing over the last four years, and is a popular outlet for arts and crafts vendors, from jewelry booths and handcrafted goods to local artists' work.

Admission is FREE for kids under 12 - adults and older children pay \$3 admission and receive a free pumpkin from the Pumpkin Patch - present your ticket to the PumpkinMeister. The Haunted Barn will benefit a local non-profit and a free Bounce House is sponsored by the Pizza Factory. Hay Rides are also free. Jennifer will once

again be on hand, painting butterflies, tigers and the like on eager faces. There will be live music throughout the day.

Look for good German food on-site - sausage dogs, hot dogs, potato salad, sauerkraut, all the fixin's - and wine and good German beer will be available at the Beer Garden. Check out the specially created German style pizza served by our local Pizza Factory!

The Haunted Barn will once again be a highlight, with rooms marked 'Scary', 'More scary', and 'Very very scary!' so parents can monitor viewing choices.

The ever-popular scarecrow contest will be held by age group: K-3, 4-8, 9-12, and seniors (over 55), although we encourage families to enter the contest as a group. A new event this year will be the Pumpkin Carving contest, held in categories Scariest, Funniest, Biggest and Smallest. Entry forms for these contests are available

Ann Shafer (standing), owner of Big Creek Meadow Ranch, and Lynn Uptbagrove (seated) with Goose (then Mayor of Groveland) who judged the contests.

at The Pizza Factory, All Seasons Groveland Inn, or by calling Sarah on 962-4482. Judging will be at 3pm by Groveland's new Mayor and other local dignitaries. Get your creative hat on - competition is stiff!

Dress in traditional German or Hallowe'en costume to enter the

Costume Contest. Judges will be circling the Festival between 1pm and 4pm, and prize-giving will be on-stage at 4pm.

Come one, come all to Big Creek Meadow Ranch on October 13 and be ready for a pleasant time on the meadow with music, fun, food, activities and a wide variety of vendor choices. The view of Smith Peak is fabulous from the Ranch on Highway 120 at Smith Station Road - the start of the John Muir Highway, six miles east of Groveland. Parking is free and plentiful. Bring cash for your purchases - there are no ATM facilities on the Ranch.

Vendors are still being accepted into OktoberFest 2012. For more information, vendor application forms, and Scarecrow Contest guidelines and forms, email oktoberfest@bigcreekmeadowranch.com, go to www.bigcreekmeadowranch.com, or call Sarah on (209) 962-4482.

Groveland Library Art Exhibit

BY VIRGINIA GUSTAFSON, FOGL

Friends of the Groveland Library is pleased to announce that we are currently displaying the dramatic and appealing art of Groveland resident Mike Dwaileebe in the Book Nook, downstairs at the Library.

Mike became interested in art early. He studied color and design with Aileen Worthley and screen painting with Guy Maccoy. He was drawn to Decorative painting and studied at The Day Studio in San Francisco;

Mike had a very satisfying career in this field. He has done some beautiful murals and furniture painting around Groveland too.

Mike retired a few years ago and became involved with The Central Sierra Arts Council in Sonora. He is now painting in oils. His work has been shown in several local galleries.

"Sedona" by Mike Dwaileebe

He became interested in Plein Air painting and began focusing on landscapes. After painting in and around Yosemite National Park for a few years, he branched out to Sedona and other areas.

His work is beautiful and reasonably priced. Please stop in any Saturday to enjoy Mike's paintings. You can also see his work at his website: MikeDArt.co.

Mountain Lion Sightings

Photo by Anne Hartwell

Mountain Lions have been sighted in the area around Groveland, as you can see by the photo above. This photo was taken by PML Member Anne Hartwell as she and her husband drove along Cherry Oil Road. Anne says "He watched us for quite a while,

while we took a few photos, and we were glad we were in the car, not hiking."

Please use caution while hiking or walking in undeveloped areas. Mountain Lions are usually wary of people and keep their distance, you should return the favor.

Kiwanis Guest Night

BY GLORIA STEVENS

Kiwanis guest night was a huge success. Fun was had by present members and future members. Nice to see a charter member (since 1991) and a young future member enjoying dinner with us. The Sonora Kiwanis club out did themselves

on the food, raffle prizes were won along with table decorations. It was a night to learn interesting facts about the wonderful projects that the Groveland Club is involved in and how we serve one child and one community at a time. We have so many interesting guest speakers lined up so if you missed this night, there is still time to join us every Tuesday at 5:30 - 6:30 at the Pizza Factory and get involved in your community.

If It's Fall, It Must Be Christmas Basket Time

BY PATTI BEAULIEU

As we're wrapping up a record heat wave summer, and finally enjoying some cooler fall weather, we realize it's time to start thinking Christmas. Although it seems far in the distance, the Groveland Community Christmas Basket program is so HUGE that co-chair Dar Brown and I have to start working on it in September.

If you're new to the area, this program brings all businesses, clubs, citizens, groups, friends, schools, churches and neighbors together to help our less fortunate neighbors. Food items and gifts of all kinds are purchased and donated. The process is all brought together during a grand week in December when the donations are wrapped, sorted and assembled and all the donated food and gifts are placed in their designated family box. This event truly shows what a generous and kind community we live in - unlike any other. If you need affirmation of this, just come down

to the Community Hall during Basket Assembly week and see what our little town can do. You'll be AMAZED!

If your organization or business has generously made a monetary donation or donated food in the past, you'll be receiving a letter this month confirming your donation again this year. If you don't receive a letter, but would like to contribute, please contact Dar Brown at 962-5930.

We'll need many volunteers for different tasks again this year. Some of the tasks will start as early as November, so if you'd like to help out with the project, please contact either Patti Beaulieu (962-7402) or Dar Brown (962-5930). We'll still need to have wrappers and assemblers during basket week (December 10-15), but there will be other days prior that we can use your help. So, if you have commitments during that week (like getting ready for your own holidays) and can't help that week, give us a call - we'll be able to use you earlier in the process.

If you want to donate a child's gift you can bring it to the Groveland

Community Hall on Thursday, December 6th or Friday, December 7th from 9 a.m. - 3 p.m. We'll need lots of help selecting and wrapping the gifts, so if you'd like to stay during this time and wrap, we'd love to have you. Lunch will be served.

APPLICATIONS - If you're struggling financially this year and need food assistance for the holiday season, the applications will be taken at the Groveland Community Hall on Thursday, November 8th from 4 - 7 p.m. and on Thursday, November 15th from 10 a.m. - 2 p.m. We can only accept applicants for those residents in Moccasin, Big Oak Flat, Groveland or Buck Meadows. You must apply in person on one of the application days and be prepared to show all sources of income. If you have children permanently residing in the home full time 17 or under, please bring their clothing sizes as well as their 'wish lists' for Santa. If you miss the application days, you will be wait-listed so watch the 2 local papers and businesses and bulletin boards for flyers about the application

dates and times and mark them on your calendar. *This project is not affiliated with the atcaa thanksgiving or christmas food programs. You must apply to this separately.*

CHRISTMAS BASKET PROJECT IMPORTANT DATES:

November 8th: Application Day
4 - 7 pm - Groveland Community Hall
(see details in article)

November 15th: Application Day
10 am - 2 pm - Groveland Community Hall
(see details in article)

December 5th: PML Ladies Club
December Brunch (Children's gifts
are donated by attendees)

December 6th and 7th: Children's gifts
can be donated and wrapped from
9 am - 3 pm - Community Hall. All are
welcome to come and help.

December 10th - 14th: Basket assembly
week - Volunteers needed to wrap gifts,
distribute food and many other tasks.

December 15th: Basket Distribution
Day to recipients

If you have any questions about the Groveland Community Christmas Basket program, please call either Patti (7402) or Dar (5930).

Chef Ray Sarkis at The Groveland Hotel: A Match Made in Heaven

BY WILLOW POLSON

The Groveland Hotel is extremely pleased to announce our new Executive Chef, California native Raymond Sarkis. He has over 18 years of practical experience, having started at Andiamous in Modesto in 1997.

"When I was 18 years old, I was told that I have a gift for this, from the first chef I ever received training from," said Chef Sarkis. It is this gift and passion for not only creating excellent dishes, but for ongoing learning opportunities, that helps him excel at his craft.

But why The Groveland Hotel? It's because of his love for the region, and the history of the area in particular. "I lived in Jamestown for three years and miss it more than anything. I love it out here," he said with a smile. "When I saw this opening, I felt like God put it out there just for me."

Chef Sarkis is also extremely interested in self-sufficiency and using local ingredients whenever possible. He

raises his own meat animals, chickens, honeybees, vegetables and herbs and hopes to be completely self-sufficient in the next couple of years. "I'm going to have a goat for milk and a sheep for milk. I make cheese at home for fun."

Another fortuitous asset that he possesses is a love for events. Chef Sarkis has done a large number of weddings, private parties and special events, and has what it takes to cook for one or one hundred at a time, which is so very important to The Cellar Door Restaurant at The Groveland Hotel.

Day-to-day, however, what matters most is quality and consistency. He looks forward to providing "excellent upscale food for a decent price," and is adamant that every member of his staff produces top-quality results. Everything will be tested and nothing will leave the kitchen that isn't up to his standards of presentation and taste.

Chef Sarkis brings knowledge, heart,

talent and quality quite literally to the table. The Groveland Hotel is just as excited to bring him aboard as he is to be at "The Best House on the Hill."

"If you don't cook with your heart, you won't have great food."

October and Autumn Activities

BY SUE DONEM

My husband says that autumn is his favorite time of year. Cooler weather, leaves turning colors with winter and the holidays close, but not quite here are a few of the things that draw his favor. I also find pleasure in the season. The scents of autumn are different. The softness of spring and deep greens of summer are past. Nature is equally lovely in her transformation. For me, the changes are part of the joy.

Change in weather and changes in opportunity, October is the month the Groveland Hotel and Cellar Door Restaurant present a new series of dinner theater and evening entertainments, *Winter Magic!*

Our *Winter Magic* series features world class sleight-of-hand artists, illusionists and comic legerdemain who will entertain, amaze and astound. Dinner-goers begin the evening adventure as the Impresario performs up close, moving among them. The after dinner show follows with a complete stage performance.

Robert Baxt, first in the *Winter Magic* series, is an international star of stage and screen. He has performed regularly at the exclusive Magic Castle dinner theater club in Hollywood for the past 15 years. His credits include headlining in Las Vegas and performances with noted magician, David Copperfield as well as writing a number of comedy bits that Copperfield uses today. Baxt excels in comedy and illusion; his expertise is guaranteed to leave you laughing! Robert Baxt is "A Funny Guy!"

We have a short video of Robert Baxt "at work" on our Groveland Hotel websites Events page. Find it at <http://groveland.com/category/>

events. This event is coming up quickly and there is very limited seating. The cover charge with dinner for this top-notch show is a budget pleasing \$10 per person. Book your reservations now for Robert Baxt's show on Friday, October 13th and don't forget your autograph book! Call to reserve your table for dinner at 209-962-4000 or 800-273-3314. Email your reservation request to: guestservices@groveland.com.

Winter Magic continues with one show every month, October through February. We know you will enjoy each especially chosen and multi-talented performer. Be sure to check our webpage at <http://groveland.com/category/events> for more information on all of our *Winter Magic* artists!

One of Groveland's favorite fall activities is watching the downtown parade of youngsters in their Halloween costumes! This year we are inviting the trick-or-treaters to come into the dining room. Make your dinner reservations for a delicious dinner and see the little goblins and princesses as they collect their sweet treats! Bring your camera or just sit back to enjoy the procession. Reserve your table by calling 209-962-4000 or 800-273-3314. You may also make your reservation by email or online. Email: guestservices@groveland.com Online dinner reservations: <http://groveland.com/dining>

Mountain Lutheran Church

BY DOROTHY PARKER

Mountain Lutheran Church has started a new Bible Study Course. It's called the Old Testament for Beginners—the Bible From Scratch. So come and learn with us and experience God and Scripture in new ways.. We always learn new ideas from a variety of backgrounds. Our meeting days at Mountain Lutheran Church for September are the 6 TH and the 20 TH. For October the days are the 4 TH and the 18 TH

God is, toward us, generous and gracious, sacrificial and forgiving—so we must be imitators of his gracious ways. With the power of the Holy Spirit working in us we can do this!

2 ND Mile Giving for September is our Lutheran sister churches in Rwanda and El Salvador—10% of our Flea Market funds will go to them. For October it will be California Lutheran University, for November it will be Campus Ministry and for December it will be Malaria Net.

Pastor Ginger intends to have a speaker come to our church and talk about Lutheran Churches, schools and health clinics in Rwanda in September. She also plans to have a Fall Food Collection for local food banks and have one of the coordinators come and explain their

program to us.

September 30 is the 5TH Sunday Gospel Sing at Buck Meadows Community Church. This fun time starts at 6 PM with refreshments following at 7 PM. So be sure to mark your calendars so you won't forget.

A Flea Market was planned by the Chamber Commerce on Saturday September 1, 2012. Shirley Carman brought in our Nike clothes for sale, They were priced at 4 for \$20 and a lot were sold at this special price.

Stewardship offerings and pledges are on the agenda for October and November. A giving thanks Pot Luck is the plan for the near future. Excelling in generosity—based on 2 ND Corinthians, Chapter 8 is an excellent guide line. A couple of Temple Talks and pledge cards should guide members in their decisions.

All of you are welcome to attend Mountain Lutheran Church. We have Worship Service every Sunday morning at 10 AM. After the service refreshments are served and fellowship is enjoyed by all. We are located at 13000 Down to Earth Court. Just off Ferretti Road, Groveland.

It's Quilt and Craft Show Time at GEFC

BY SYDNEY AVEY

As the fall leaves swirl around your feet and the smells of minestrone or chicken taco soup waft through the air, you may be thinking it's time to dig your favorite quilt out of the chest. We've been thinking that too! We've gathered over 100 quilts for you to admire at the bi-annual quilt and craft show at the Groveland Evangelical Free Church on Saturday, October 27. Doors open at 9 am. The quilts will be on display until 4 pm, so invite a friend and come spend an hour or two or the whole day with us!

This year's theme is Patterned by God's Design. In that spirit, we've designed a restful experience for you that will delight

your eyes, inspire you with the beauty of creation, tempt your taste buds and give you an opportunity to do a little shopping. What better way to spend part of your day?

Admission is free, but you will want to browse through our craft and baked goods sale, bid on silent auction items, play our guessing game, and enjoy our delicious soup lunch in a convivial, relaxed atmosphere.

Proceeds from the sale and your generous donations are used for mission/ministry projects. For more information call Sally Copeland (962-5668) or Judy McKinnon (962-6025).

Rediscovering The Spirit Within

BY KATHLEEN MALLOY

"We are not human beings having a spiritual experience. We are spiritual beings having a human experience."

— Pierre Teilhard de Chardin

In need of some Spiritual Rx? A new group will be starting at The Little House and we hope you will join us.

This non-denominational group will use a variety of approaches to uncover, rediscover and strengthen spirit within our

lives.

We will share and practice, meditate and pray, enlightening our lives and lightening our loads.

This weekly group will meet each Monday evening in

October from 7-9 pm. Bring a journal or something to write on. Think of it as a retreat....without the lumpy bed.

For more information call Kathleen at 209-840-4777.
