

PINE
MOUNTAIN
LAKE
ASSOCIATION
PROPERTY OWNER
SURVEY
2022

The Pine Mountain Lake Long-Range Planning Committee (LRPC) and the men and women of our Association would like to thank all members who participated in this survey. A member survey is conducted every three years by the LRPC to solicit member input regarding overall satisfaction and expectations.

The information from the survey is used by the PMLA Board of Directors and the management team to determine where to focus priorities and to assess how well we are doing in meeting the expectations of the membership.

The survey was conducted from April 1st to June 30th, 2022. We are pleased to report that 941 members responded. The results of the survey are a representation of the majority of the membership. Spouses or multiple adult members were able to submit separate survey responses for their household.

The survey was conducted online at the Official PMLA Website and was available in a paper version at the PMLA Administration Office.

All individual responses are kept confidential. The results of the survey are presented in the aggregate and an easy to view format in this report.

We are happy to see that overall, member satisfaction with the services provided is high, and members indicated that they are getting value for their assessment dollar. Going forward, we will be focusing on areas of improvement and development according to the results of this survey.

We encourage all members to review the results of the survey as the information is interesting and useful.

Best regards,

Mike Gustafson, Chairman
Long Range Planning Committee
